puzzled problems of bharatvarsha find some of the problems with razor sharp analysis and its possible solution with a surgeon scalpel find out the various actors some visible and large numbers invisible who control the games of indian nation nobody seems to be free from biases which creates self interests which are most often crossing the path of truth and service to society and country not only actors but large numbers are both actors and directors who control the destiny of society and country find these self interests in an unbiased approach and how our society controllers camouflage their self interests under falsehood of nationalism

in a business world predominantly oriented toward the future it has paradoxically become ever more common that companies turn towards their pasts this book empirically explores the phenomenon of organizational remembrance from a holistic cultural perspective based on a twelve month ethnographic case study conducted at the headquarters of the german automobile company audi ag this study dissects the relationships between memory identity and image in a corporate setting the greater aim in doing so is twofold first this study examines exactly why and how a company officially manages its past in terms of history and tradition and second this study scrutinizes what effect

organizational remembrance has on the workforce how it impacts their collective identification with a corporate community and influences their understanding of their daily working life by investigating the interplay between different stakeholder groups as well as their practices media mental models and other vehicles of remembrance an integrated account is offered which makes sense of the complex cultural forces at work in the corporate handling of the past the present and the future

this book explains compares and assesses the legal implications of dieselgate within a range of selected jurisdictions and at the eu international and comparative law level the book analyses the us epa vw 14 7 billion dollar settlement of 2016 one of the largest civil settlements in the history of environmental law as it shows the dieselgate affair has raised a host of issues concerning corporate and social responsibility tort liability environmental liability contractual defective products warranty and false environmental claims in a range of jurisdictions issues like repurchasing or retrofitting cars from consumers and making direct payments to consumers through car buy backs and compensation are analysed further the book relates how dieselgate has also contributed to the discussion about the introduction of more effective collective measures of redress for consumers such as class actions in germany france italy and the uk the book subsequently reviews the criminal offences volkswagen is currently confronted with in germany france and italy i e fraud and manipulation of capital markets by belatedly providing shareholders with essential information relevant for the share value and potentially environmental crimes it demonstrates how dieselgate has sparked new debates in germany italy france and the uk about the need to introduce enterprise liability for organised crimes lack of compliance and control structures and intentional violations of the law lastly the book discusses how eu law has sought to respond to dieselgate and thus investigates the controversial eu regulation no 2016 646 introducing a temporary conformity factor of 2 1 equivalent to a 110 increase on the current limit to be applied for nox in the new rde testing cycle and the works of the eu committee of inquiry into emissions measurements in the automotive sector emis
