a history of asia is the only text to cover the area known as monsoon asia india china southeast asia korea and japan from the earliest of times to the present written by leading scholar rhoads murphey the book s extensive analysis integrates the complex and diverse political social intellectual and economic histories of this area with an engaging and lively style of writing popular because of its scope and coverage as well as its illustrations maps and many boxed primary sources the new edition of a history of asia continues as a leader in the field of asian history

this comprehensive introduction to asia offers readers a clear overview of the continent from ancient times to the present

the importance of the study of the history of asia needs no special emphasis particularly with the emergence of japan china and india as major powers of this continent the present book history of asia is different from other books of this genre as it connects the ancient and medieval with the modern it deals with the account of each country in its geographical setting highlighting those incidents in neighbouring countries which

have had some impact upon it the ancient and medieval periods cover topics like migration early settlements formation of kingdoms and empires socio economic matters islamic penetrations and the advent of western powers the modern period is treated in great detail especially matters like colonisation impact of western civilization the rise of nationalism and the gaining of independence following the second world war current history which includes aspects like subversion of democracies the ushering in of military rule ethnic conflicts movements for the restoration of democracy oppression of minorities economic issues and the possibility of nuclear war right up to the end of the millennium has been dealt with in a fascinating way with maps and a bibliography to stimulate the reader's interest

charles holcombe begins this extraordinarily ambitious book by asking the question what is east asia in the modern age many of the features that made the region now defined as including china japan and korea distinct have been submerged by the effects of revolution politics or globalization yet as an ancient civilization the region had both an historical and cultural coherence it shared a confucian heritage some common approaches to buddhism a writing system that is deeply imbued with ideas and meaning and many political and institutional traditions this shared past and the interconnections among three distinct yet related societies are at the heart of this book which traces the story of east asia from the dawn of history to the twenty first century charles holcombe is an experienced guide who encapsulates in a fast moving and colorful narrative the vicissitudes and glories of one of the greatest civilizations on earth

a history of asia is the only textbook to provide a historical overview of the whole of this region encompassing india china korea japan and southeast asia engaging and lively it chronicles the complex political social and intellectual histories of the area from prehistory to the present day taking a comparative approach throughout the book offers a balanced history of each major tradition also dedicating coverage to countries or regions such as vietnam and central asia that are less frequently discussed in depth this eighth edition has been streamlined and updated to reflect the most recent scholarship on asian history bringing the book up to date with recent events and key trends in historical research highlights of the book include close up portraits of significant asian cities detailed discussion of environmental factors that have shaped asian history quotes from asian poetry and philosophical writing and attention to questions of gender and national identity highly illustrated with images and maps each chapter also contains discussion questions primary source excerpts and in depth boxed features written clearly throughout a history of asia is the perfect introductory textbook for all students of the history culture and politics of this fascinating region

charts the deep diverse history of the largest continent a history of asia is the only text to cover the area known as monsoon asia india china korea japan and southeast asia from the earliest times to the present written by leading scholar rhoads murphey the book uses an engaging lively tone to chronicle the complex political social intellectual and economic histories of this area popular because of its scope and coverage as well as its illustrations maps and many boxed primary sources the new edition of a history of asia continues as a leader in its field

this open access book offers a clear and thorough exploration of asia's history from an international relations perspective the book investigates

key political economic and cultural forces defining asia it highlights the historical and current significance of the indo pacific region particularly shedding light on its strategic role in global geopolitics through detailed historical analyses the authors guide readers toward a comprehensive understanding of asia s complex international relations from colonization and imperialism through the cold war into decolonization and the wave of democratization in the region to the rise of china unpacking the various dimensions of regionalism in asia this book serves as a practical scholarly resource for advanced students researchers and lecturers interested in understanding the region s past and its implications for future geopolitical dynamics it is relevant to historians focused on asia and to international relations and political science scholars interested in the shift to an asian world order from past to present

histories of east asia traditionally emphasize china and japan and neglect korea and vietnam essentially 20th century east asia is re written into the past as though china and japan was always the core of east asian development this is not at all how east asia developed chinese prehistoric cultures became historic in the 18th century b c japan was not part of east asia for over 2300 more years by studying periods of chinese unity and disunity and their effects on china s neighbors korea and vietnam a distinct culture zone east asia gradually emerged and slowly included japan the main elements of east asia cultural social political philosophical religious and linguistic were derived from china but the others were not minor replicas of china each was unique its people ethnically distinct from china and each other its native language and linguistic blend with chinese also unique korea and vietnam resisted chinese colonization but adopted and adapted advance chinese elements to their own needs emerging later japan underwent wholesale adoption of tang china s advances replicated in the 19th century when japan was the first east asian country to modernize spanning some thirty eight centuries from the 18th century b c to 2012 a d this diversity with common elements derived from china is a major theme of this work it is often overlooked by those who prefer general views based on surface impressions to more complex realities the former often lead to mistakes the latter become the basis for more sound understanding after all these four countries and people share the eastern end of the eurasian continent yet each country s geographic situation is also unique as the twenty first century continues to unfold this new approach to east asia should help to produce clearer and more accurate understanding of this important world region

written with rare mastery and a sure sense of the essential this concise general history of modern east asia offers students and general readers an understanding of this dynamic region from a global perspective it is the ideal introductory text for college survey courses in asian and international studies following an introductory discussion of the regional concept the first two chapters lay the foundations chapter 1 describes east asia s geographical human cultural economic social and political setting as it has evolved over the past several millennia and the three major belief systems confucianism buddhism and islam chapter 2 presents a panoramic view of the region ca 1800 the chapter introduces the dramatis personae the chinese japanese koreans vietnamese thai burmese indonesians filipinos and others and describes their interactions with each other and with imperial china the following three chapters deal with european expansionism and east asians responses to the civilizational challenge the stirrings of nationalism in reaction to european colonial rule and the remarkable rise of imperial japan chapters 6 and 7 trace

japan's bid to lead a pan-asianist revolt against the twin threats of western liberalism and soviet communism and the ensuing pacific war chapters 8 and 9 span the cold war era from postwar u.s. hopes for a pax americana to the division of east asia into communist and anti-communist blocs the sino-soviet split and the sino-american rapprochement of the early 1970s open the way to the east asian miracle and a resurgence of east asian regionalism surveyed in chapter 10 a concluding chapter considers the prospects for continued economic dynamism and the balance of nationalism and pan-asian trends in shaping the future

here is a brief well-written and lively survey of the history of southeast asia from ancient times to the present paying particular attention to the region's role in world history and the distinctive societies that arose in lands shaped by green fields and forests blue rivers and seas craig lockard shows how for several millennia southeast asians living at the crossroads of asia enjoyed ever-expanding connections to both china and india and later developed maritime trading networks to the middle east and europe he explores how the people of the region combined local and imported ideas to form unique cultures reflected in such striking creations as malay sailing craft javanese gamelan music and batik cloth classical burmese and cambodian architecture and social structures in which women have often played unusually influential roles lockard describes colonization by europeans and americans between 1500 and 1914 tracing how the social economic and political frameworks inherited from the past combined with active opposition to domination by foreign powers enabled southeast asians to overcome many challenges and regain their independence after world war ii the book also relates how malaysia singapore thailand indonesia and vietnam are now among the fastest growing economies in the world and play a critical role in today's global marketplace

the nations of asia now make up more than half of the world's population with increasingly affluent educated middle classes and vigorous innovative industries they are more populous and powerful than ever before and their influence on the rest of the world is only growing colin mason provides a clear readable introduction to their histories and traditions from the stone age right up to the present day this thoroughly revised updated and expanded third edition contains new chapters on mongolia nepal and bhutan separate expanded chapters on the south asian nations and revised chapters on all the modern states a new introduction explores the nature and implications of the new politics of guided democracy and the current clash between industrialisation and the consequences of climate change enriched with maps and a guide to further reading this book is the essential guide to the history of a fascinating continent and its peoples

designed to stand on its own or to accompany the seventh edition of d.r. sardesai's southeast asia past and present this updated reader includes classic and recent works on the history of southeast asia sardesai has selected literary and historical writings that address crucial controversies in the region of southeast asia the readings are organized in four sections cultural heritage colonial interlude nationalist response and the fruits of freedom and cover the entire range of southeast asian history from ancient to contemporary times geographically the book includes myanmar thailand malaysia brunei singapore indonesia east timor laos cambodia vietnam and the philippines the revised second edition retains the most popular readings from the first edition while replacing some of the historical chapters updating the contemporary and recent coverage

and adding new readings to pertinent subject areas southeast asian history essential readings provides valuable context and critical background to events of this region

constituting an impressive account of key themes in the international history of east asia from 1900 to 1968 this book is an important contribution to the interpretive study of this crucial period of history it offers economic political and strategic perspectives and with a particular focus on anglo japanese relations

the most current and comprehensive survey of east asian history and politics available on the market this is a reliable coherent and interesting survey of the history of east and south east asia from the sixteenth century to the present two chapters are devoted to australia s relations with and perceptions of asia

mysearchlab provides students with a complete understanding of the research process so they can complete research projects confidently and efficiently students and instructors with an internet connection can visit mysearchlab com and receive immediate access to thousands of full articles from the ebsco contentselect database in addition mysearchlab offers extensive content on the research process itself including tips on how to navigate and maximize time in the campus library a step by step guide on writing a research paper and instructions on how to finish an academic assignment with endnotes and bibliography a history of asia is the only text to cover the area known as monsoon asia india china southeast asia korea and japan from the earliest of times to the present written by leading scholar rhoads murphey the book s extensive analysis integrates the complex and diverse political social intellectual and economic histories of this area with an engaging and lively style of writing popular because of its scope and coverage as well as its illustrations maps and many boxed primary sources the new edition of a history of asia continues as a leader in the field of asian history
