between mission and market the freshman year in a corporate age focuses on the arrival of college freshmen at the moment of the transformation it uses adelphi university in suburban new york city to study an attempt to resolve first

year difficulties as higher education institutions turn into enterprises run on business models the pressures of getting into college including the taking of the sat and act have induced stress addictions eating disorders drug use and mental problems however special programs to ease the first year transition through counseling and support are run as cheaply as possible this book confronts some of the cardinal controversies in higher education particularly those affecting first year students high stakes testing in general particularly the sat the intensification of student debt and the financial sentence imposed upon all who incur it and the dramatic pressures placed upon freshmen as they transition to college

marketing theory introduces and explains the role of theory in marketing by uncovering its histories disciplinary underpinnings subfields discourses and debates from strategy and ethics to digital marketing and consumer behaviour leading marketing experts shine a light on what can be a challenging perspective of marketing in this new third edition there are up to date examples from global companies such as pepsi amazon and h m entirely new chapters on digital and social media marketing and service dominant logic sd l and contributions from global specialists including bob lusch patrick murphy and susan hart ideal for upper level undergraduate and postgraduate marketing students studying marketing theory critical marketing and the history of marketing modules

should we stay or should we go millions of parents with children in public schools can t believe they re asking this question but they are and you should be asking it too almost overnight america s public schools have become morally toxic and they are especially poisonous for the hearts and minds of children from religious families of every faith ordinary families who value traditional morality and plain old common sense parents first duty is to their children to their intellect their character their souls the facts on the ground point to one conclusion get out now

the first american academic journal to examine design history theory and criticism design issues provokes inquiry into the cultural and intellectual issues surrounding design regular features include theoretical and critical articles by professional and scholarly contributors extensive book reviews illustrations and a section for reader response special issues concentrate on particular themes such as artificial intelligence product seminars design in asia and design education

the landmark textbook on the theoretical and practical applications of biopharmaceutics and pharmacokinetics now fully updated explains how to detect clinical pharmacokinetic problems and apply basic pharmacokinetic principles to solve them helps you critically evaluate biopharmaceutic studies involving drug product equivalency and unequivalency chapters have been revised to reflect the latest clinical perspectives on drug performance bioavailability bioequivalence pharmacokinetics pharmacodynamics and drug therapy the field's leading text for more than three decades applied biopharmaceutics pharmacokinetics gets you up to speed on the basics of the discipline like no other resource practical problems and clinical examples with discussions are integrated within each chapter to help you apply principles to patient care and drug consultation situations in addition outstanding pedagogy including chapter objectives chapter summaries and FAQs plus additional application questions identify and focus on key concepts written by authors who have both academic and clinical experience applied biopharmaceutics pharmacokinetics shows you how to use raw data and formulate the pharmacokinetic models and parameters that best describe the process of drug absorption distribution and elimination the book also helps you work with pharmacokinetic and biopharmaceutic parameters to design and evaluate dosage regimens of drugs in the seventh edition of this must have interactive learning tool most of the chapters are updated to reflect our current understanding of complex issues associated with safe and efficacious drug therapy

are you spending too much on R&D too little is your innovation program successful and how do you measure that success your company is spending millions on R&D every year but despite your best efforts that R&D isn't driving growth if you're like 95 of firms you aren't investing the right amount and the productivity of your R&D has fallen dramatically over the past several years that's because there hasn't been a universal uniform and reliable measure of R&D until now first introduced in Anne Marie Knott's influential Harvard Business Review article RQ™ Research Quotient is a revolutionary new tool that measures a company's R&D capability its ability to convert investment in R&D into products and services people want to buy or to reduce the cost of producing these RQ not only tells companies how smart they are it provides a guide for how much they should invest in R&D to ensure that investment will increase revenues profits and market value armed with insights from her experience as an R&D project manager 20 years of academic research and two National Science Foundation grants Knott devised RQ and used the measure to test common innovation prescriptions across the full spectrum of U.S. companies engaged in R&D the results are nothing short of game changing in this essential guide you

will learn how to use R&D to determine which R&D investments are most likely to drive growth using the hard data you already have to better utilize the innovation tools you're already using the 7 misconceptions about innovation trends and how to avoid the ones that don't work how investors can achieve 9x returns in the market and help companies in the process why corporate and GDP growth has stalled and how to restore it without R&D tax credits this book promises to do for innovation and R&D what TQM did for manufacturing and what sabermetrics did for baseball it'll show you how innovation really works with measurable results you can count on

this volume presents a collection of extracts articles letters orders interviews and biographies the work is intended to serve as a general overview and provisional reference to inform both mariners sailors and the general public of the broad outlines of maritime strategic thought provided by publisher
