covers a wide variety of topics ranging from neuro and psycho linguistic research to studies of media and psychological counseling assesses the latest issues in worldwide linguistics including the phenomena and the conceptualization of hyperglobalization and emphasizes geographical centers of global conflict and commerce

a major new multi volume reference work the encyclopedia of arabic language and linguistics a unique collaboration of over hundreds of scholars from around the world the encyclopedia of arabic language and linguistics covers all relevant aspects of the study of arabic and deals with all levels of the language pre classical arabic classical arabic modern standard arabic arabic vernaculars mixed varieties of arabic

the notion of empire is associated with economic and political mechanisms of dominance for the last decades however there has been a lively debate concerning the question whether this concept can be transferred to the field of linguistics specifically to research on situations of language spread on the one hand and concomitant marginalization of minority languages on the other the authors who contributed to this volume concur as to the applicability of the notion of empire to language related issues they address the processes potential merits and drawbacks of language spread as well as the marginalization of minority languages language endangerment and revitalization contact induced language change the emergence of mixed languages and identity issues an emphasis is on the dominance of non western languages such as arabic chinese and particularly russian the studies demonstrate that the emergence spread and decline of language empires is a promising area of research particularly from a comparative perspective

the story of how latin and arabic spread across the mediterranean to create a cosmopolitan world of letters in this ambitious book karla mallette studies the nature and behaviors of the medieval cosmopolitan languages of learning classical arabic and medieval latin as they crossed the mediterranean through anecdotes of relationships among writers compilers translators commentators and copyists mallette tells a complex story about the transmission of knowledge in the period before the emergence of a national language system in the late middle ages and early modernity mallette shows how the elite languages of learning and culture were only tenuously related to the languages of everyday

life these languages took years of study to master marking the passage from intellectual childhood to maturity in a coda to the book Mallette speculates on the afterlife of cosmopolitan languages in the twenty first century the perils of monolingualism and the ethics of language choice the book offers insight for anyone interested in rethinking linguistic and literary tradition the transmission of ideas and cultural expression in an increasingly multilingual world

in this reading of islamic legal hermeneutics Robert Gleave explores various competing notions of literal meaning linked to both theological doctrine and historical developments together with insights from modern semantic and pragmatic philosophers literal meaning is what a text means in itself regardless of what its author intends to convey or the reader understands to be its message as islamic law is based on the central texts of islam the idea of a literal meaning that rules over human attempts to understand god's message has resulted in a series of debates amongst modern muslim legal theorists

this lively introduction to arabic linguistics provides students with a concise vivid and engaging overview of the language's structure
