this book reopens the debate on colonial nationalisms going beyond derivative borrowed political and modernist paradigms it introduces the conceptual category of samaj to demonstrate how indigenous socio cultural origins in bengal interacted with late colonial discourses to produce the notion of a nation samaj a historical society and an idea in practice was a site for reconfiguring antecedents and negotiating fragmentation drawing on indigenous sources this study shows how caste class ethnicity region and community were refracted to conceptualise wider unities the mapping of cultural continuities through change facilitates a more nuanced investigation of the ontology of nationhood seeing it as related to but more than political nationalism it outlines a fresh paradigm for recalibrating postcolonial identities offering interpretive strategies to mediate fragmentation

the difference between french and german definitions of citizenship is instructive and for immigrants from north africa turkey and eastern europe decisive brubaker

shows how this difference between the territorial basis of the french citizenry and german emphasis on blood descent was shaped by sharply differing understandings of nationhood

this book analyses the current debates around national identity and multiculturalism by addressing three key questions why do so many people treat as common sense the idea that they live in and belong to nations and why and for whom might this idea be significant notably in an era of increasing global uncertainty

the construction of nationhood first published in 1997 is a thorough re analysis of both nationalism and nations in particular it challenges the current modernist orthodoxies of such writers as eric hobsbawm benedict anderson and ernest gellner and it offers a systematic critique of hobsbawm s best selling nations and nationalism since 1780 in opposition to a historiography which limits nations and nationalism to the eighteenth century and after as an aspect of modernisation professor hastings argues for a medieval origin to both dependent upon biblical religion and the development of vernacular literatures while theorists of nationhood have paid mostly scant attention to england the development of the nation state is seen here as central to the subject but the analysis is carried forward to embrace many other examples including ireland the south slavs and modern africa before concluding with an overview of the impact of religion contrasting islam with christianity while evaluating the ability of each to support supra national political communities

canovan politics u of keele argues that political theorists ignore nationalism to pursue their more favored topics of democracy or social justice yet the very concept of statehood informs all these subjects and is integral to their understanding she reviews the case against nationalism democratic theory social justice and liberal universalism appealing to a rigorous study of the reality of nation states and their underlying conceptions pitted against universal principles annotation copyright by book news inc portland or
