today many business environments are characterized by frequent changes that result in a higher market dynamism and complexity global media industries are an up to date example of this development a fast growth period was followed by a rapid downturn media companies wrote off a colossal us 120 billion from their balance sheets in 2002 mostly as a result of growth strategies failure it seems

that despite popular belief growth or market share by itself is less than ever before a guarantor of success sebastian raisch decided to analyze various strategies in order to gain a better understanding of the determinants of successful firm performance when he decided to go on a research journey into the elements and dynamics of strategic thinking and firm performance he brought along all the ingredients necessary for such a challenging project he had experience gained through exhaustive consulting work excellent knowledge of management theories and as a result of his studies and activities as a research assistant specific knowledge of strategic management his research objectives were furthermore clearly defined and thanks to a meticulously planned and well organized project as well as his enthusiasm for the topic he had ready access to an empirical field

it is vital for organisations to use company analysis to gain understanding of their limiting and enabling factors and strategic capabilities profits can then be maximised by selecting the most effective strategies and through successful implementation of mergers acquisitions and divestment opportunities in this book jenster and hussey move away from the opinion based swot analysis commonly used to provide a more objective step by step approach to objectively analysing an organisation this important task is clearly explained with information helpfully displayed in diagrams and checklists of critical questions provided in addition to the key functional areas of management corporate wide approaches such as core competencies critical success factors industry analysis and the value chain are also examined the book is illuminated with examples from the authors own experiences resulting in a practical and effective approach which will provide a foundation for corporate strategy and add a strategic dimension to a due diligence study and so prove invaluable to mba students and lecturers in strategic management every manager will be asked to participate in assessing strengths and weaknesses at some time in their career and this book enables a considerable improvement to be made to many commonly used methods and for those responsible for the development of strategies it offers even more

the fourth edition of this best selling strategy text has been updated to include more analysis of value creation in electronic commerce and to reflect recent theoretical developments in the field provides the most comprehensive coverage of industry analysis and

competitive advantage of any strategy text expanded coverage of strategy formulation in electronic commerce emphasises the link between analytical frameworks and their application to real world business problems more strongly reflects the most recent conceptual and theoretical developments in strategy analysis takes a global perspective throughout

in a fluid global security environment such as ours assessing the costs risks and likely consequences of alternative national defense strategies is as hard as it is essential the authors show how even in the face of uncertainty the costs and other implications of any strategy can be assessed by examining the capabilities needed by u s combatant commands the chief agents of strategy to fulfill what the strategy expects of them

robert m grant combines a highly accessible writing style with a concentration on the fundamentals of value creation and an emphasis on practicality in this leading strategy text in this new edition several topics have increased emphasis including platform based competition and ecosystems of related industries the role of strategy making processes practices mergers acquisitions and alliances and additional emphasis on strategy implementation
