medicines act on different people in different ways introduction to behavioral pharmacology offers a scientific framework that will help readers understand how drugs produce behavioral effects and what physiological and environmental variables influence drug action

in this seventeenth century chinese novel han xiangzi best known as one of the eight immortals seeks and achieves immortality and then devotes himself to converting his materialistic politically ambitious confucian uncle han yu a real historical figure to daoism written in lively vernacular prose interspersed with poems and songs the novel takes its readers across china to the heavens and into the underworld readers listen to debates among confucians daoists and buddhists and witness trials of faith and the performance of magical feats in the mode of the famous religious novel journey to the west the story of han xiangzi uses colorful characters twists of plot witty dialogue and action suitable for a superhero comic book to convey its religious message that worldly life is ephemeral and that true contentment can be found only through daoist cultivation this is the first translation into any western language of han xiangzi quanzhuan literally the complete story of han xiangzi on one level the novel is a delightful adventure on another it is serious theology although the story of han xiangzi s irreverent attitude toward the confucian establishment prevented its acceptance by literary critics in imperial china it has remained popular among chinese readers for four centuries philip clart s introduction outlines the han xiangzi story cycle presents yang erzeng in his social context assesses the literary merits and religious significance of the text and explores the theory and practice of inner alchemy this unabridged

translation will appeal to students of chinese literature and to general readers who enjoy international fiction as well as to readers with an interest in daoism

this insightful volume dispels the common notion that buddhism is not a missionary religion by revealing asian buddhists as active agents in the propagation of their faith it presents at the same time a new framework with which to study missionary activity in both buddhist and other religious traditions included are case studies of theravada chinese and tibetan buddhist teachers and congregations as well as the pure land shingon zen and soka gakkai traditions of japan contributors examine both foreign and domestic missions and the activities of emigrant communities showing the resources and strategies garnered by late nineteenth and twentieth century buddhists who worked to uphold and further their respective traditions often under difficult circumstances based on anthropological fieldwork and historical research the essays break new ground and provide better analytical tools for studying mission activity than previously available they provide instructive comparisons with anglo american protestant missionary thinking and offer insights into the internal dynamics of sri lankan and japanese missions as they make their way in protestant and catholic societies also included are nuanced studies of two major missionary figures in late twentieth century chinese buddhism and a fascinating look at the present dalai lama s relationships with his devotees and the american government viewed through an exposition of the abiding tradition within tibetan buddhism that combines mission activity with the political goals of exiled lamas contributors stuart chandler peter b clarke c julia huang steven kemper linda learnman sarah levine richard k payne cristina rocha george j tanabe jr gray tuttle

subjectivity and nationhood in yeats joyce and beckett nietzschean constellationsreconceptualises friedrich nietzsche s position in the intellectual history of modernism and substantively refigures our received ideas regarding his relationship to these irish modernists building on recent developments in new modernist studies the book demonstrates that nietzsche is a modernist writer and a modernist philosopher by drawing new parallels between his engagement with established philosophical theories and the aesthetic practices that ezra pound and t s eliot identified as quintessentially modernist with specific reference to key nietzschean philosophemes eternal recurrence the Übermensch transnationalism cultural paralysis and ethical perspectivism it challenges the longstanding assumption that yeats who repeatedly acknowledged his admiration for nietzsche is the most nietzschean of these irish modernists while showing how both joyce and beckett are in many important ways more nietzschean than yeats this interdisciplinary study makes a number of significant and timely contributions to the fields of irish studies and modernist studies

out of context disrupts the notion of static context instead proposing a transhistorical approach to literature revealing that the significance of literature is in its moments of surprising reception

includes history of bills and resolutions

eighteenth century literature displays a fascination with the seduction of a virtuous young heroine most famously illustrated by samuel richardson s *clarissa* and repeated in 1790s radical women s novels in the many memoirs by fictional or real penitent prostitutes and in street print across fiction ballads essays and miscellanies stories were told of women s mistaken belief in their lovers vows in this book katherine binhammer surveys seduction narratives from the late eighteenth century within the context of the new ideal of marriage for love and shows how these tales tell varying stories of women s emotional and sexual lives drawing on new historicism feminism and narrative theory binhammer argues that the seduction narrative allowed writers to explore different fates for the heroine than the domesticity that became the dominant form in later literature this study will appeal to scholars of eighteenth century literature social and cultural history and women s and gender studies

there have been many important changes in the participation of women and men in american society over the past quarter century tests play a role in those changes by providing evidence of the diverse achievement and proficiency of women and men they aid the learning process and reflect inequalities in opportunity to learn and participate in addition they provide useful information in considering what alternatives in education and work make most sense for individuals and influence views about groups of students educational programs and a wide range of issues for all of these reasons it is important that tests assess fairly and reflect accurately the ways young people are and are not achieving as well as desired the test performance of women and men is a research topic of historical interest and has received much attention in recent years because of this increased interest there is a great deal of new research and data available the purpose of the study presented in this volume was to review this new information with two objectives in mind to clarify patterns of gender difference and similarity in test performance and related achievements and to see what implications those findings might have for fair assessment and as a corollary examine the assessment process as a possible source of gender differences this study is interested in tests used in education to assess developed knowledge and skill in order to gain a broader view of gender similarity and difference the contributors looked at other types of measures and other characteristics of young women and men their hope is to contribute to a firmer basis for insuring fairness in tests an objective which is particularly important as the field moves increasingly to new forms of assessment in which there is less experience

the ecclesial base communities ceba emerged in the wake of latin american liberation theology and are often referred to as the church of the poor this book however addresses whether or not ceba are indeed the church of the poor today it is an open question now if pentecostalism has in fact become the new church of the poor to answer this question philip wingeier rayo conducted a one year ethnographic study of both movements in a marginalized barrio in cuernavaca mexico using the anthropological method of participant observer the author studied a roman catholic church and a pentecostal church just 100 yards apart compiling surveys life interviews and field notes to relay his findings for those interested in liberation theology pentecostalism new religious movements or the influence of religion on

society this in depth ethnographic study will be of great interest

the branch of clinical psychology known as behavior modification or synonymously applied behavior analysis has grown substantially from humble beginnings in the 1960s many colleges and universities now offer courses in applied behavior analysis and more than a few grant degrees in the area although they remain controversial behavior modification procedures have been used to good advantage in dealing with a range of problem behaviors and are now rather widely employed in schools residential institutions and other therapeutic facilities the two hallmarks of applied behavior analysis are utilization of the principles of operant conditioning to improve human behavior and utilization of scientific research methodology to assess the effectiveness of treatments the present text provides an overview of several issues peculiar to applied behavior analysis research methodology six general areas of concern are a trends in applied behavior analysis research b assessment and measurement issues c experimental designs and strategies d interpretation of findings e ethical issues in applied behavior analysis and f the societal impact of studies in the area as evidenced by a sizable number of recently published articles these topics are of considerable interest to behavior analysts they also are relevant for students of scientific epistemology and general psychological research methods
