in the centuries before europeans crossed the atlantic social and material relations among the indigenous guaranꞑ people of present day paraguay were based on reciprocal gift giving but the spanish and portuguese newcomers who arrived in the sixteenth century seemed interested in the guaranꞑ only to advance their own interests either through material exchange or by getting the guaranꞑ to serve them this book tells the story of how europeans felt empowered to pursue individual gain in the new world and how the guaranꞑ people confronted this challenge to their very way of being although neither guaranꞑ nor europeans were positioned to grasp the larger meaning of the moment their meeting was part of a global sea change in human relations and the nature of economic exchange brian p owensby uses the centuries long encounter between europeans and the indigenous people of south america to reframe the notion of economic gain as a historical development rather than a matter of human nature owensby argues that gain the pursuit of individual material self interest must be understood as a global development that transformed the lives of europeans and non europeans wherever these two encountered each other in the

great european expansion spanning the sixteenth to nineteenth centuries

known for encouraging step by step problem solving and for connecting techniques to real world scenarios david ammons tools for decision making covers a wide range of local government practices from the foundational to the advanced brief and readable each chapter opens with a problem in a hypothetical city and then introduces a tool to address it thoroughly updated with new local government examples the second edition also incorporates chapters devoted to such additional techniques as sampling analysis sensitivity analysis financial condition analysis and forecasting via trend analysis numerous tables figures exhibits equations and worksheets walk readers through the application of tools and boxed features throughout each chapter present other uses for techniques helpful online resources and common errors a handy guide for students and an invaluable resource and reference for practitioners

bgifts a study in comparative law is the first broad based study of the law governing the giving and revocation of gifts ever attempted by observing the social and customary norms of gift giving within internal and external legal parameters professor richard hyland observes with both legal and civil clarity the ways in which different civil and common law jurisdictions confront common issues
