crisis breakdown rejuvenation this is the territory of poetry that rudman takes

readers into with this set of essays constructed as a series of character studies the essays are rooted in autobiographical material with biographical counterpoints tying the poets distinctly to places even as they are placed however they are displaced rudman s subjects from d h lawrence to czeslaw milosz to t s eliot are almost all exiles either geographically or within themselves this exile spins anger into energy transmuting emotion into imagination the same way that passaic falls known to william carlos williams turns water into power the mosaic style of the essays touches on nerve after nerve avoiding the snags of academic jargon to ease towards an illuminating truth about the artists shifting work and worlds some of the samuels beckett and fuller were able to navigate these shifts while others coleridge and johnson are shown to be less able to transmute their energy into motion

philip larkin was that rare thing among poets a household name in his own lifetime lines such as never such innocence again and sexual intercourse began in nineteen sixty three made him one of the most popular poets of the last century larkin s reputation as a man however has been more controversial a solitary librarian known for his pessimism he disliked exposure and had no patience with the literary circus and when in 1992 the publication of his selected letters laid bare his compartmentalised personal life accusations of duplicity faithlessness racism and misogyny were levelled against him there is of course no requirement that poets should be likeable or virtuous but james booth asks whether art and life were really so deeply at odds with each other can the poet who composed the moving love songs in age have been such a cold hearted man can he who uttered the playful self deprecating words deprivation is for me what daffodils were for wordsworth really have been so boorish a very different public image is offered by those who shared the poet s life the women with whom he was romantically involved his friends and his university colleagues it is with their personal testimony including access to previously unseen letters that booth reinstates a man misunderstood not

despite the denigrating revelations of his published letters philip larkin looms larger than ever both as an english national icon and as a championed voice of postwar english poetry philip larkin popular culture and the english individual seeks to move beyond the decades long preoccupation with larkin s reputation and canonical status approaching larkin instead as part of a persevering cultural phenomenon through which the traditionally distinguished individual is reconstituted in the company of the ordinary and the interchangeable it tracks how larkin s poetic texts negotiate and engage with representations of popular culture at a time when notions of celebrity authenticity and cultural authority were newly and deeply unsettled by rock and roll and when cultural capital had become a coveted substitute for diminished imperial wealth from his unprecedented f bombs to his
