the critical history of edgar allan poe s the narrative of arthur gordon pym a dialogue with unreason traces the complex scattered criticism of poe s most anomalous work as it has steadily grown in prominence to a central position in the study of poe and american literature the winding route the criticism of pym has charted as convoluted as the narrative itself has been a history of disagreement at almost every level at which critics and scholars read texts including the nature and genre of the work the seriousness or levity of the author s intent and its stature as a work of genius hackwork or something in between the unique set of thematic and narrative problems the work poses has eluded every hermeneutic structure brought against it so far consistently undermining the very reading strategies it seems to invite the only comprehensive critical history and bibliography of pym this study fills a large hole poe scholars have long felt as it analyzes the ways in which critics and critical camps have attempted to confront rationalize contain or evade its novel and disturbing features in the process the criticism is correlated with the popular reception and the international response because literary history has entangled no author with his work more than poe ultimately this book is as much a study of poe as of pym at every point therefore this study embeds the critical response to pym in the history of poe studies in general as well as in the larger context of american literary theory and history includes bibliography and index

this unique book offers a comprehensive overview of the history of psychotherapy the first of two volumes it traces the roots of psychotherapy in ancient times through the influence of freud and jung up to the events following world war ii the book shows how the history of psychotherapy has evolved over time through different branches and examines the offshoots as they develop each part of the book represents a significant period of time or a decade of the 20th century and provides a detailed overview of all

significant movements within the history of psychology the book also shows connections with history and contextualizes each therapeutic paradigm so it can be better understood in a broader social context the book is the first of its kind to show the parallel evolution of different theories in psychotherapy it will be essential reading for researchers and students in the fields of clinical psychology psychotherapy psychiatry the history of medicine and psychology

drawing on recent debates in critical international political economy this book mobilizes the idea that the economy does not exist separately from society and politics to develop a detailed intellectual history of how the economy came to be seen as an independent domain in contrast to typical approaches to writing the history of economic thought which assume the reality of the economy the author describes the forms of intellectual argument that made it possible to conceive of the national and international economies as objects of intellectual inquiry at the centre of this process was the analytical separation of power and wealth walter thus offers a broad historical perspective on the emergence of current ipe theory while linking the field with contextualist intellectual history this important and innovative volume will be of strong interest to students and scholars of international political economy international relations economics history and political theory

by the end of the nineteenth century after a long period during which the weakness of china became ever more obvious intellectuals began to go abroad for new ideas what emerged was a musical genre that liu chingchih terms new music with no direct ties to traditional chinese music new music reflects the compositional techniques and musical idioms of eighteenth nineteenth and early twentieth century european styles liu traces the genesis and development of new music throughout the twentieth century deftly examining the cultural social and political forces that shaped new music and its uses by politicians and the government
