first published in 1988 stock markets of the arab world provides a sound description and analysis of the stock market situation in arab countries and an evaluation of previous attempts at the integration of capital markets foreign interest in the oil producing arab countries has grown due to the accumulation of international reserves oil producers are looking for an alternative to their near term investments in united states securities through a diversification of their economies this book argues that these countries could profitably invest these reserves through an integration of their

securities markets it also says that prospects of increased linkages among arab domestic markets do exist this is an interesting read for scholars and researchers of middle east studies arab economy and economics in general

who s who in the arab world 2007 2008 compiles information on the most notable individuals in the arab world additionally the title provides insight into the historical background and the present of this influential and often volatile region part i sets out precise biographical details on some 6 000 eminent individuals who influence every sphere of public life in politics culture and society part ii surveys the 19 arab countries providing detailed information on the geography history constitution economy and culture of the individual countries part iii provides information on the historical background of the arab world indexes by country and profession supplement the biographical section a select bibliography of secondary literature on the middle east is also included

stars illustrated magazine october 2018 international edition in english and french in colors economy edition in black and white also available in glossy edition on the cover gilou linda ann warren dr sami aldeeb franck vilain publishers sim and maximillien de lafayette r also available in economy edition at a very reduced price available worldwide contact desk starsillustratedmagazine com

two gulf wars and the continuing arab israeli conflict have highlighted the salience of military factors in the middle east this book argues however that many of the most serious security challenges to arab states and societies are rooted not in external military threats but in the imperatives of socio economic development contributors examine the regional security environment the social and political impact of regional militarization and underdevelopment as a source of regional insecurity

we all understand the basic principles underpinning marketing activity to identify unfulfilled needs and desires and boost demand for the solutions a product is offering the mantra is always sell more de marketing tries for the very

opposite why would a company actively try to decrease demand there are many good reasons to do so a firm cannot supply large enough quantities or wants to limit supply to a region of narrow profit margin or crucially to discourage undesirable customers those that could be bad for brand reputation or in the case of the finance sector high risk de marketing can yield effective solutions to these issues effectively curtailing demand yet crucially not destroying it nevertheless the fundamental negativity of de marketing strategies often causes organisations to hide them from view and as a result they are rarely studied this then is the first book to cast light on the secretive counterintuitive world of de marketing deconstructing its mysteries and demonstrating how to incorporate them into a profit driven marketing plan a selection of thought leaders in strategic marketing mix theory with illustrative global cases providing insight into how these strategies have been employed in practice and measuring their successes and failures it s a must read for any student or researcher that wants to think differently about marketing

the world s largest and longest running song competition the eurovision song contest is a significant and extremely popular media event throughout the continent and abroad the contest is broadcast live in over 30 countries with over 100 million viewers annually established in 1956 as a televised spectacle to unify postwar western europe through music the contest features singers who represent a participating nation with a new popular song viewers vote by phone for their favourite performance though they cannot vote for their own country s entry this process alone reveals much about national identities and identifications as voting patterns expose deep seated alliances and animosities among participating countries here an international group of scholars from a variety of disciplines including musicology communications history sociology english and german studies explore how the contest sheds light on issues of european politics national and european identity race gender and sexuality and the aesthetics of camp for some countries participation in eurovision has been simultaneously an assertion of modernity and a claim to membership in europe and the west eurovision is sometimes regarded as a low brow camp spectacle of little aesthetic or intellectual value the essays in this collection often contradict this assumption demonstrating that the contest has

actually been a significant force and forecaster for social cultural and political transformations in postwar europe

the roots of america s image problem in the middle east

this text covers such recent developments as the growth of population differing rates of industrialization egyptian israeli peace efforts and the enormous impact of the ever changing oil market on economic and political life in addition the book examines the rarely analyzed but significant cultural and religious developments that are crucial determinants of political patterns and includes statistics and information enabling polk to re evaluate and recast outmoded perceptions

includes who s who in the middle east
