marketing management by dr n mishra is a publication of the sbpd publishing house agra the book covers all major topics of marketing management and helps the student understand all the basics and get a good command on the subject

marketing management by jayshree parmar gandhinagar explains basics of marketing

the handbook of marketing presents a major retrospective and prospective overview of the field of marketing and provides a landmark reference at a time when many of the traditional boundaries and domains within the marketing discipline have been subject to change the handbook frames assesses and synthesizes the work in the field and helps to define and shape its current and future development it includes contributions from leading scholars in the field and the input of an international and extremely distinguished advisory board of marketing academics the handbook of marketing will be invaluable to advanced undergraduates graduate students and academics in marketing

this textbook introduces students to the field of marketing management by emphasizing a customer centric approach which involves defining the purpose of marketing as the recruitment defence leverage and development of customer brand relationships because customers vary in their needs for products and services and their relationships with brands you ll discover how segmentation and differentiation play a crucial role in marketing management after delving into market dynamics customer behaviour and market communications you ll explore the three main areas within marketing management customer portfolio management product portfolio management and brand portfolio management finally you ll gain insights into developing marketing business strategies and plans for success through comprehensive analysis resource allocation budgeting and measuring key performance indicators features include case studies to bring theory to life further reading suggestions to expand your understanding and a marketing planning template to practice applying your knowledge to a real business scenario suitable for undergraduate bachelor and postgraduate students studying marketing management and strategic marketing fred selnes is a professor of marketing at bi norwegian business school even lanseng is an associate professor of marketing at bi norwegian business school

this book explores the development of us marketing management thought in the early part of the 20th century focusing on the relationship between the thought and historical contexts rather than on theoretical developments

a comprehensive examination of all aspects of the management of marketing this is a mainstream text

based on the premise that marketing is a universal management function with strong strategic elements which are operationalized in different ways in different parts of the world conceptual material reflects up to date perspectives on academic and company research the applied material seeks to demonstrate the universality of marketing management by drawing on illustrations from a wide range of geographic and industry settings

this edition presents marketing management concepts in a traditional format and includes many real world examples emphasizing topics such as international marketing ethics cross functional teams and quality integrating competitive rationality throughout the text the book also covers strengthening customer relations by outshining the competition in customer satisfaction finding more efficient and less costly ways to deliver the same customer benefits and service and improving general decision making implementation skills

written in simple and conversational language main points are given in bold letters or in boxes themes are easily understandable even to a lay man a good number of case studies are included and each chapter has been discussed in detail discussed thoroughly

strategic marketing management theory and practice offers a systematic overview of the fundamentals of marketing theory defines the key principles of marketing management and presents a value based framework for developing viable market offerings the theory presented stems from the view of marketing as a value creation process that is central to any business enterprise the discussion of marketing theory is complemented by a set of practical tools that enable managers to apply the knowledge contained in the generalized frameworks to specific business problems and market opportunities the information on marketing theory and practice contained in this book is organized into eight major parts the first part defines the essence of marketing as a business discipline and outlines an overarching framework for marketing management that serves as the organizing principle for the information presented in the rest of the book specifically we discuss the role of marketing management as a value creation process the essentials of marketing strategy and tactics as the key components of a company s business model and the

process of developing an actionable marketing plan part two focuses on understanding the market in which a company operates specifically we examine how consumers make choices and outline the main steps in the customer decision journey that lead to the purchase of a company s offerings we further discuss the ways in which companies conduct market research to gather market insights in order to make informed decisions and develop viable courses of action part three covers issues pertaining to the development of a marketing strategy that will guide the company s tactical activities here we focus on three fundamental aspects of a company s marketing strategy the identification of target customers the development of a customer value proposition and the development of a value proposition for the company and its collaborators the discussion of the strategic aspects of marketing management includes an in depth analysis of the key principles of creating market value in a competitive context the next three parts of the book focus on the marketing tactics viewed as a process of designing communicating and delivering value part four describes how companies design their offerings and specifically how they develop key aspects of their products services brands prices and incentives in part five we address the ways in which companies manage their marketing communication and the role of personal selling as a means of persuading customers to choose purchase and use a company s offerings part six explores the role of distribution channels in delivering the company s offerings to target customers by examining the value delivery process both from a manufacturer s and a retailer s point of view the seventh part of the book focuses on the ways in which companies manage growth specifically we discuss strategies used by companies to gain and defend market position and in this context address the issues of pioneering advantage managing sales growth and managing product lines we further address the process of developing new market offerings and the ways in which companies manage the relationship with their customers the final part of this book presents a set of tools that illustrate the practical application of marketing theory specifically part eight delineates two workbooks a workbook for segmenting the market and identifying target customers and a workbook for developing the strategic and tactical components of a company s business model this part also contains examples of two marketing plans one dealing with the launch of a new offering and the other focused on managing an existing offering
