taking a broad view of regulation and covering a wide range of issues and industries this collection is the most innovative effort to date to understand the responses of business firms to regulation the book brings together an impressive group of scholars who analyze the concept of compliance and offer theoretically informed studies of its assumed links to regulation a must read for both academics and practitioners this ground breaking collection firmly establishes a scholarly field of compliance studies ron shamir tel aviv university israel business responses to regulation is a key area of social science research parker and nielsen s collection brings together an excellent group of scholars with innovative and i believe highly influential contributions that problematize the relations between regulation and compliance the collection is a highly welcome addition to our field that will redefine the research agenda on compliance a significant achievement that will help to improve policy making and frame the scholarly research agenda for the years to come david levi faur the hebrew university of jerusalem israel and the free university of berlin germany a timely and important set of analyses on how and why businesses respond to regulation in the way that they do from some of the leading authors in the field covering business responses to both state and non state regulatory systems julia black london school of economics uk explaining compliance consists of sixteen specially commissioned chapters by the world s leading empirical researchers examining whether and how businesses comply with regulation that is designed to affect positive behaviour changes each chapter consists of reflective summaries on business compliance with different state or voluntary regulation and the theoretical lessons to be drawn from it as a whole the book develops understanding and explanations of how why and in what circumstances firms come to comply with regulation and when they do not it also uncovers the complexity ambiguity and transformation of regulation as it is interpreted implemented and negotiated by firms their stakeholders and internal constituencies in everyday business life this unique and detailed resource will appeal to academics graduate students and

senior undergraduates in law political science sociology criminology economics and psychology as well as business and interdisciplinary areas such as law and society and law and economics anyone researching business regulation corporate social responsibility regulation and compliance enforcement and compliance and public administration will also find this book beneficial

this text studies transaction cost economics influential in economic thought on how institutions work whereas orthodox economics describes the firm in technological terms as a production function transaction cost economics describes it in organizational terms as a governance structure

antitrust examples explanations is designed to be accessible to students with no background in economics but also sophisticated enough for advanced courses on anti trust law author

margin squeeze is a form of abuse of a dominant position in which a vertically integrated company reduces the margin between the price charged to competitors and the price charged to consumers which can have the effect of excluding a competitor from the market in the decade or so since the liberalisation of network industries margin squeeze has become a major source of concern among competition authorities and courts particularly pronounced in the electronic communications sector because some of the adopted decisions show significant inconsistencies in approach and legal certainty remains elusive in this area this book which provides an extremely thorough analysis is both timely and of great practical value the author provides an in depth examination of margin squeeze allegations in the electronic communications sector with a view to developing a more advanced and comprehensive analysis of principles which should guide ex post assessment of margin squeeze issues and topics covered include scope of intervention in margin squeeze cases both for national regulatory and national competition authorities conditions for sanctioning margin squeeze under article 102 methodological and practical difficulties in identifying a margin squeeze methodology employed in margin squeeze cases and its regulatory aspects assessment of the ability and incentives of regulated firms to engage in

a margin squeeze and situations when competition law is used to address the deficits of regulation and regulatory failures it also includes a critical comparison of the vertical foreclosure analysis undertaken in margin squeeze cases with the approach adopted in the eu non horizontal merger guidelines throughout the analysis margin squeeze treatment in the european union and its member states is examined in light of the diverging approach adopted by the us supreme court the increasing complexity of the electronic communications market can only further confound an already complex assessment of price squeezes and one can expect that claims of anticompetitive margin squeeze in liberalised network industries will continue to be high on the enforcement agenda of competition authorities for years to come in light of the need for a coherent or at least predictable sentencing policy to provide relative legal certainty the research in this book proves invaluable the analysis and conclusions discussed in this book will be welcomed by policymakers regulators and lawyers working in the areas of competition law and electronic communications law

examples and explanations for antitrust law third edition is a relentlessly accessible introduction to a body of law that seems foreign and complex but does not at all have to be by capturing the bigger picture without sacrificing any detail introducing antitrust economics in a purely intuitive way appropriate for users at any level of economic sophistication and extensively explaining the real world context and institutions of antitrust practice the book brings the law within reach for students of all backgrounds new to the third edition incorporation of all significant judicial and legislative developments since 2011 in depth new coverage of the two sided or platform market theory introduced in the supreme court s seminal 2018 decision in ohio v american express revised coverage of conspiracy monopolization and merger law in light of key lower court decisions like united states v at t new york v t mobile steves sons v jeld wen viamedia v comcast sc innovations v uber technologies and the alston ncaa litigation expanded treatment of advanced antitrust economic theory in a substantially revised appendix including a full examination of bargaining theory and other developing models and their performance before the courts professors and students will benefit from extensive attention to real world context heavy emphasis on accessibility in language and explanation but backed up with support for economic and legal study by more

advanced readers for example the appendix on advanced antitrust economics a two step introduction to antitrust economics accessible without any prior background in economics built on a purely intuitive and non quantitative introduction supplemented by more formal explanation for more advanced readers
