inspired by many successful years of teaching to analysts in training franco de masi has selected the most significant lessons and added a few new ones to provide an enriching discussion of psychopathology and psychoanalytic clinical work lessons in psychoanalysis begins with a general discussion of the scientific status of psychoanalysis its main theories and models and the way in which the unconscious registers emotional reality these are followed by detailed chapters on key topics which relate more closely to clinical work de masi begins with the problem of diagnosis in psychoanalysis and the importance of a patient s clinical history he then turns his attention to transference and the analytic relationship which he views as central to clinical work followed by chapters on the analytic impasse and the use of countertransference he then deals with other vital themes regression anxiety phobia and panic trauma depersonalisation in the various syndromes melancholic and non melancholic depression narcissism and psychic withdrawal he concludes with some final considerations of analytic therapy de masi makes clear that analytic concepts are not linear but formed over time from numerous contributions to demonstrate this he provides a description of how ideas evolved to form a concept following the trajectory enables a fuller understanding and demonstrates the flexibility of analytic concepts to incorporate new contributions without losing meaning de masi also includes data from neuroscientific research on certain phenomena to broaden the discussion and demonstrate what is happening in other related fields his work shows that psychoanalysis has the capacity to be a unitary body which allows various models and theories to coexist even where disagreement may arise this book is essential reading for trainee psychoanalysts and students and highly recommended for qualified professionals who continue to question analytic practice and theory

in this delightfully readable and clearly written volume the world renowned psychoanalyst moustafa safouan considers the works of freud and lacan when

safouan met lacan in 1949 he was all but ready to abandon the field due to the many contradictions and obscurities he found in freud yet thanks to lacan s early presentation of the father as real imaginary and symbolic safouan stayed on working with lacan until lacan s death in 1981 one can track the evolution of safouan s teaching through his participation in lacan s published seminars and his early contributions safouan wrote this book in english starting with a transcript from a series of lectures he delivered to the lacanian school of psychoanalysis in san francisco in march of 2001 safouan clears up many of lacan s own obscurities although he is quick to point out that there are no contradictions in lacan readers will find the cause of desire both through the signifier and through the normative rather than normal development of the child safouan explains the three forms of lack the root of subjectivity the desire of the analyst the other as different from the other the object cause of desire transference countertransference and lateral transference and the analytic act in a narrative that brings these and other concepts together in a dictionary that could never be divided by terms

in this first english translation of a classic text by one of the foremost commentators on lacan s work nasio eloquently demonstrates the clinical and

practical import of lacan s theory even in its most difficult or obscure moments five lessons on the psychoanalytic theory of jacques lacan is the first english translation of a classic text by one of the foremost commentators on lacan s work juan david nasio makes numerous theoretical advances and eloquently demonstrates the clinical and practical import of lacan s theory even in its most difficult or obscure moments what is distinctive in the end about nasio s treatment of lacan s theory is the extent to which lacan s fundamental concepts the unconscious jouissance and the body become the locus of the overturning or exceeding of the discrete boundaries of the individual the recognition of the of the implications of lacan s psychoanalytic theory then brings the analyst to adopt what nasio calls a special listening

the budapest school of psychoanalysis brings together a collection of expertly written pieces on the influence of the budapest ferenczi conception of analytic theory and practice on the evolution of psychoanalysis it touches on major figures sándor ferenczi and michael balint whilst concurrently considering topics such as ferenczi s clinical diary the study of trauma the confusion of tongues paradigm and balint s perspective on supervision further to this the book highlights jacques lacan s teaching of ferenczi which brings a fresh perspective to a relatively unknown connection between them the book highlights that the hungarian analysts influenced by ferenczi through their pioneering work developed a psychoanalytic paradigm which became an alternative to the freudian tradition that this paradigm has become recognised and admired in its own right underlines the need to clearly outline as this book does the historical context and the output of those who are writing and working in the tradition of the budapest school the contributions to this volume demonstrate the widespread and enduring influence of the budapest school on contemporary psychoanalysis the contributors are amongst the foremost in budapest school scholarship and the insights they offer are at once profound as well as insightful this book is an important read for those practitioners and students of psychoanalysis who wish for an insight into the early and developing years of the budapest school of psychoanalysis and its impact on

contemporary clinical practice

contemporary theory and practice of psychoanalysis

contextualizing ernest dichter within modern consumer culture and the rise of psychological approaches to post war consumption in europe and the us this book argues that 1950s motivation research gives a unique vantage point from which to

address questions of the transatlantic transfer of the cultures and institutions of consumption and marketing

what can depth psychology and politics offer each other in the political psyche andrew samuels shows how the inner journey of analysis and psychotherapy and the passionate political convictions of the outer world are linked he brings an acute psychological perspective to bear on public themes such as the market economy environmentalism nationalism and anti semitism but true to his aim of setting in motion a two way process between depth psychology and politics he also lays bare the hidden politics of the father the male body and of men s issues generally a special feature of the book is an international survey into what analysts and psychotherapists do when their patients clients bring overtly political material into the clinical setting the results including what the respondents reveal about their own political attitudes destabilize any preconceived notions about the political sensitivity of analysis and psychotherapy this classic edition of the book includes a new introduction by andrew samuels

the orlando sentinel described the grove book of hollywood as a marvelous overview of the mythical world of screenland through the eyes of those who observed it firsthand in pieces by bemused outsiders like p g wodehouse and evelyn waugh and consummate insiders like jack warner ben hecht and budd schulberg it tells the story of hollywood s birth as a dusty village outside la through the blacklist to its present day role as a high stakes cultural capital of power players touchy egos schlock and genius full of priceless bits jean harlow s satire of young hopefus john huston s fistfight with errol flynn frank capra on working for mack sennett and william goldman on the ubiquitous hollywood meeting the grove book of hollywood is a must for anyone who loves movies a superb anthology a feast for those who love hollywood and those who hate it j g ballard the observer london enchanting i marveled at its resourcefulness have you gone out to buy this book yet david thomson bookforum strange tribal rites and tarnished idols of the celluloid jungles the book is a feast l s klepp entertainment
