what the double helix did for biology david warsh's knowledge and the wealth of nations does for economics boston globe a stimulating and inviting tour of modern economics centered on the story of one of its most important breakthroughs in 1980 the twenty four year old graduate student paul romer tackled one of the oldest puzzles in economics eight years later he solved it this book tells the story of what has come to be called the new growth theory the paradox identified by adam smith more than two hundred years earlier its disappearance and occasional resurfacing in the nineteenth century the development of new technical tools in the twentieth century and finally the student who could see further than his teachers fascinating in its own right new growth theory helps to explain dominant first mover firms like ibm or microsoft underscores the value of intellectual property and provides essential advice to those concerned with the expansion of the economy like james gleick's chaos or brian greene's the elegant universe this revealing book takes us to the frontlines of scientific research not since robert heilbroner's classic work the worldly philosophers have we had as attractive a glimpse of the essential science of economics

the coursetutor is written by jerry stone and is designed to allow maximum practice review and to do so interactively students can use the coursetutor as practice as in class exercise or as homework to be assigned

each year more and more students are being introduced to the fundamental principles of microeconomics via paul krugman's trusted voice and signature storytelling style this third edition of krugman and well's microeconomics is their most accomplished yet extensively updated with new examples new case studies and new coverage

printed access card to support brigham houston's fundamentals of financial management concise edition 7e

nine hundred years ago at a church council in clermont pope urban ii delivered an impassioned sermon calling upon frankish knights to vow to march to the east to free christians from the yoke of islamic rule and to liberate the tomb of christ the holy sepulchre in jerusalem from muslim control thus began the crusades the bloody and grueling battles pitched between european knights and the islamic defenders over the course of two hundred years movements that created the legends of king arthur and the holy grail military orders such as the knights templar and an unusually rich tradition of art and architecture in the oxford illustrated history of the crusades the story of the crusades is told as never before in an engrossing authoritative and comprehensive history that ranges from the preaching of the first crusade in 1095 to the legacy of the crusading ideals and imagery that continues today here are the ideas of apologists propagandists and poets about the crusades as well as the perceptions and motives of the crusaders

themselves and the means by which they joined the movement crusaders were required to take the cross which involved making a vow often at an emotional public gatherings under the influence of preachers whose business it was to whip their audiences up into a frenzy and were foresworn to wear a cross on their clothing until they returned from their mission in the east the authors describe the elaborate social and civic systems that arose to support the crusades taxation for example was formalized by the church and monarchs to raise enormous funds needed to wage war on this scale nearly 1 000 000 livres tournois were raised from the french church out of estimated total expenses of some 3 000 000 livres for louis ix s first crusade in 1248 and here are vivid descriptions of the battles themselves frightening disorienting and dangerous affairs with keen and insightful commentary on the reactions of the muslims to a christian holy war extensively illustrated with hundreds of illustrations maps chronologies and a guide to further reading the oxford illustrated history of the crusades even includes coverage of crusades outside the eastern mediterranean region and post medieval crusades from descriptions of the battles and homefront conditions to a thorough evaluation of the clash and coalescence of cultures to the legacy of the crusading movement that continues into our conflict torn twentieth century to the enduring artistic and social changes that the crusades wrought the oxford illustrated history of the crusades offers an unsurpassed panorama of one of the great movements in western history this beautiful work will engage and inform anyone with an interest in the crusades
