through 30 interpretative essays the bloomsbury handbook of the russian revolution sees an international team of leading scholars comprehensively examine russia s revolutionary years in the wake of the 2017 centenary this handbook is the first reference point for anyone wishing to learn more about the changes which took place in russia between 1917 and 1921 and subsequently the 20th century split into six sections covering political crises politicians and parties social groups identities regions and peoples and civil war the volume covers the collapse of tsarism and the february revolution the emergence of the provisional government and major historical figures such as lenin kerensky and the socialist revolutionary leader viktor chernov it also explores the events surrounding the bolshevik seizure of power in october 1917 the first year of soviet government until the bolshevik dictatorship was established and the impact on russia of the subsequent civil war the focus is broader than these issues of high politics however since this handbook also considers events in the provinces as well as revolutionary petrograd and examines the social impact of the revolution in terms of class gender age and culture

this book examines the meanings that were attached to the terms parliament and parliamentarism in the different historical and discursive contexts of the late russian empire revolutionary and soviet russia and the soviet union it discusses those institutions referred to as parliaments by contemporaries gives special attention to their functions and traces the broader debates on parliamentarism within russia and the soviet union in russian émigré circles and among foreign observers it highlights that only the late imperial and perestroika assemblies can be considered legislative institutions that expressed dissensus but argues that other assemblies often referred to as rubber stamp parliaments due to their lack of legislative competence and influence over other authorities should not be dismissed the supreme soviet for instance provided an integrative function binding society and elites in a top down manner while its deputies engaged in information acquisition and state micromanagement through interactions with their constituents it also played an important role in interparliamentary relations and as one of the first institutions of nominal parliamentarism in an autocratic single party regime of which there were many in the twentieth century served as a model for numerous state socialist regimes by addressing the role of parliaments in reassembling imperial spaces through political representation and the functions of nominal legislative institutions the book explores the contribution of russian and soviet assemblies to global political modernity

students taking a personnel or human resources management course often do not enter the course bursting with curiosity or unbridled enthusiasm after all what kind of excitement can there be in studying how to process payroll check employment references or learn about some arcane government regulation it is unfortunate and ultimately self defeating if such a mindset about human resources persists because in today s business world organizational success and competitive advantage come from the people side of the business a workforce that is highly competent and committed to the success of the organization the key for students in this field is to learn how to use human resources management hrm to achieve this advantage it is

important for students to learn to identify develop and manipulate policies and programs to produce desired outcomes a wide range of critical hrm experiences are presented in this book as either exercises applications or experiments all designed to help students see the choices available and experience their implications in managing the organization they also offer examples of how hrm function must operate within a framework of rules and regulations more specifically this book contains over 30 different situations that illustrate both classic and contemporary human resources problems it covers the entire spectrum of hrm from establishing policies and goals through job analysis and evaluation personnel planning selection and appraisal to compensation and benefits training organizational improvement and safety and labor relations most of the situations described are drawn from the real life experiences of managing human resources including several cases from today s headlines the case exercises applications and experiments are designed to be used as part of regular classroom instruction and can be used with any textbook the exercises incorporate a number of different learning processes including case discussions self assessments interviews of others data analysis team teaching testing experimental observation program creation and design role playing exercise simulations training and participation in experiments the teacher can use these experiential learning activities to supplement regular classroom instruction the activities clarify crystallize and expand the understanding gained from the lectures of special interest all of the exercises can be conducted during class times or can be used as homework assignments the instructor s manual is organized for easy use with a summary of each case guidelines for administering each case plus supplemental or background information an exercise planning table links each exercise with the chapters found in a number of the most commonly used hrm textbooks most of the cases are based on actual events drawn from the author s professional or consulting experience or from events first reported in the national media each case is intended to replicate and carry a high degree of fidelity to real world conditions as fully as possible the experiments in the book are intended to serve as both discovery processes and illustrations of the procedures and rules invoked in developing human resources systems in many of these experiments students draw on their own background and perspectives to test out various points of view the experiments illustrate some of the underlying research that often serves as the basis for hrm policies and procedures

includes part 1 number 2 books and pamphlets including serials and contributions to periodicals july december

an engagingly written case based review for the family medicine board examination and the usmle step 3 widely recognized as the ideal study guide for the primary and recertification exams in family medicine and licensure exams graber and wilbur s family medicine examination and board review fifth edition has been updated throughout to maintain currency and freshness including new bits of humor that make the book fun to read and studying more enjoyable featuring hundreds of progressive cases this acclaimed review has been applauded by residents and students for its building block approach to learning that
