excel test skills general ability tests year 4 is the second in a four book series for years 3 6 which help students with the skills they need to excel in general ability tests

general ability testing covers areas such as logic general knowledge and reasoning and forms part of many primary school tests used throughout Australia. The book contains sample questions covering all the main question types found in year 4 general ability tests, a section of practice questions with hints on how to answer each different type of question, twelve practice tests to measure progress, helpful advice for sitting general ability tests, answers to all questions plus explanations when required. The first section of this book introduces the student to the types of questions he/she can expect to meet in GA tests. This is followed by twelve GA tests. This book provides the opportunity for students to maximise their speed in answering GA questions by making them familiar and efficient with some of the types of questions they may encounter in such tests.

Based on the successful training seminar conducted by NEC expert Charles R. Miller, the Electrician's Exam Prep Manual cuts through complex topics to help students pass Journeyman or Master Electrician licensing exams using clear, concise language. This book takes users through the preparation process, explaining every NEC topic along the way. Aspiring electricians will feel prepared after completing the manual's 23 sample exams addressing general electrical knowledge plus NEC rules. A special feature identifies key code sections for highlighting to assist in studying and to carry in to exams where allowed.
