popular science gives our readers the information and tools to improve their technology and their world the core belief that popular science and our readers share the future is going to be better and science and technology are the driving forces that will help make it better

historians have long debated whether the mid nineteenth century american synagogue was transplanted from central europe or represented an indigenous phenomenon alternatives to assimilation examines the reform movement in american judaism from 1840 to 1930 in an attempt to settle this issue alan silverstein describes the emergence of organizational innovations such as youth groups sisterhoods brotherhoods a professionalized rabbinate a rabbinical college and a national congregational body as evidence of jews responding uniquely to american culture in a fashion parallel to innovations in american protestant churches silverstein places the developments he traces within the context of american religious and cultural history he notes the shifting roles of american women children and ethnic groups as well as america

s changing receptivity to trans atlantic cultural influences he also utilizes census records as well as congregational and national archives in synthesizing a view of the reform movement from its local temples and nationwide organizations by offering a viable response to american culture s rampant secularization and to its pressure on jews to relinquish their distinctive traditions and commitments the reform movement also inspired emerging conservative and orthodox jewish movements to offer their own constituents tangible institutional alternatives to assimilation
