malnutrition in afghanistan analyses the very high rates of malnutrition amongst women and children in the country and provides the outline of a comprehensive nutrition action plan

south asia has the highest rates of malnutrition and the largest number of malnourished women and children in the world childhood

malnutrition is the main cause of child mortality one third of all child deaths are due to the underlying cause of malnutrition for the children who survive malnutrition results in lifelong problems by severely reducing a child's ability to learn and to grow to his or her full potential malnutrition directly leads to less productive adults and thus to weaker national economic performance the negative impact of malnutrition on a society's productivity and a national

those who wonder how the international community failed so dramatically in afghanistan need look no further losing afghanistan explores the arguments for and against intervention and highlights the difficulty of establishing unity of purpose and effort in such demanding circumstances above all it poses a question how can we in the west claim we know so much yet demonstrate in afghanistan that we understand so little general ret'd sir jack devereaux former commander in chief of allied forces northern europe a wonderful book of insightful essays on afghanistan from an outsider lens ezatullah adib head of research at integrity watch afghanistan and national country representative at the world association for public opinion research the strategic question posed by these brilliant essays is how can the doctrine of liberal intervention be reframed to ensure the west intervenes overseas to manage future humanitarian calamities for reasons beyond just national security brigadier ret'd justin hedges obe when taliban forces took kabul on 15 august 2021 it marked the end of the western intervention that had begun nearly twenty years earlier with the us led invasion the fall of afghanistan triggered a seismic shock in the west where us president joe biden announced an end to america's involvement in conflicts overseas in afghanistan itself it produced terror for the future for those who had worked with and grown up under the coalition supported administration now with the country spiralling into economic collapse and famine losing afghanistan is a plea for us to keep our gaze on the plight of the people of afghanistan and to understand how action and inaction in the west shaped the fate of the nation why was afghanistan lost can it be regained and what happens next edited by international development expert brian brivati this collection of twenty one essays by analysts politicians soldiers commentators and practitioners interspersed with powerful eyewitness testimony from afghan voices explains what happened in afghanistan and why and what the future holds both for its people and for liberal intervention

in afghanistan the u s has begun to implement the new strategy articulated by pres obama in dec 2009 the u s military and civilian surge is intended to create an 18 month window of opportunity to strengthen the afghan government's ability to provide for its security and deliver essential services to its people the u s gov't needs to improve the way it designs and implements reconstruction programs more attention must be paid in these 4 areas matching the appropriate human and financial resources to achieve policy objectives developing metrics to measure project and program results to ensure that reconstruction goals are being met providing better oversight of contractors and increasing efforts to deter corruption

conveniently structured into five sections the routledge research companion to outsourcing security offers an overview of the different ways in which states have come to rely on private contractors to support interventions part one puts into context the evolution of outsourcing in western states that are actively involved in expeditionary operations as well as the rise of the commercial security sector in afghanistan to explain the various theoretical frameworks that students can use to study security military outsourcing part two outlines the theories behind security outsourcing part three examines the law and ethics surrounding the outsourcing of security by focusing on how states might monitor contractor behaviour hold them to account and prosecute them where their behaviour warrants such action the drivers politics and consequences of outsourcing foreign policy are covered in part four which is divided into two sections section one is concerned with armed contractors providing the provision of private security with the main driver being a capability gap on the part of the military law enforcement agencies and section two looks at military contractors supporting military operations right back to antiquity less controversial politically and often technologically driven the final part takes into consideration emerging perspectives exploring areas such as gender feminist methodology maritime security and the impact of private security on the military profession this book will be of much interest to students of military and security studies foreign policy and international relations

for almost four decades the editors of congress reconsidered lawrence c dodd and bruce i oppenheimer have delivered the best contemporary work from leading congressional scholars in a form that is both analytical and accessible the tradition continues in this eleventh edition as contributing authors focus on the many ways congress has changed over time and examine the conditions that foster these developments some of the most noted names in congressional studies address topics from broad dynamics affecting the institution elections and constituencies parties and internal organization inter branch relations and policymaking this new edition also ends with a capstone chapter on the milestone 2016 elections simply put this bestselling volume remains on the cutting edge of scholarship identifying patterns of change in congress and placing those patterns in context

every four years america s role in asia brings together a distinguished group of asian and american policy experts current and former diplomats and scholars to develop recommendations for u s policy toward asia the program reflects the asia foundation s view that if workable solutions to common problems are to be found perspectives from both sides of the pacific must be heard and shared asia foundation web site

the belief that education is a key to development efforts in afghanistan motivated this report which views improved education among young afghanis as a key to creating the social capital needed to achieve lasting economic stability a main focus of this work is the

logistical difficulty involved in assigning education budget parameters in a county where accurate statistics on the number of students and their needs are nearly impossible to gather bolstered by contributions from afghan teachers this is an informative look at one of the most difficult obstacles the new government in afghanistan must confront
