richard greenham was one of the most important and respected figures among the elizabethan clergy his contemporaries described him as the founder of a previously unknown pastoral art the cure of cases of conscience

despite his fame in the elizabethan period as a model pastor pioneer in reformed casuistry and founder of one of the first rectory seminaries scholars have made little use of his life and works in their study of elizabethan religious life this study restores richard greenham to the central place he held in the development of elizabethan reformed parochial ministry the monograph length introduction includes a biography an analysis of his pastoral style and a study of his approach to curing cases of conscience the transcription of rylands english manuscript 524 cross referenced with the published editions of the sayings offers a useful source to scholars who wish to study the collecting and framing process of the humanist pedagogical tradition the selection of early published works includes greenham s unfinished catechism treatises on the sabbath and marriage and advice on reading scripture and educating children

environmental engineers continue to rely on the leading resource in the field on the principles and practice of water resources engineering the second edition now provides them with the most up to date information along with a remarkable range and depth of coverage two new chapters have been added that explore water resources sustainability and water resources management for sustainability new and updated graphics have also been integrated throughout the chapters to reinforce important concepts additional end of chapter questions have been added as well to build understanding environmental engineers will refer to this text throughout their careers
