a proven do it yourself formula for greater professional and personal success successful career and life coach anne bruce knows how you can find happiness fulfillment and success at work and in life and it s not by hiring a coach be your own mentor delivers a unique do it yourself process for identifying your hidden talents abilities and passions and developing them on your own bruce s four part approach empowers you to get where you want in life by adopting a free agent mindset taking intelligent risks and building self esteem setting a course for balance in work and life and discovering and developing your personal strengths

coaching and mentoring are popular approaches to developing people and enhancing organizational performance yet material that will help coaches and mentors to improve their own practice is still hard to come by this title in the gower activity series will be welcomed by anyone looking for guidance the authors begin by explaining how to set up different types of mentoring programmes the activities that follow cover every aspect of the subject from assessing your own mentoring style to learning to let go there are exercises to enhance skills and others concerned with understanding the processes involved some are designed to be run in groups some as one to one sessions and some as self study as with all gower training manuals detailed instructions for each activity are supplied together with ready to copy masters of any supporting items the material in this manual is firmly rooted in the realities of coaching and mentoring and there is even an index that matches the activities to the problems most commonly encountered this is a resource that can be recommended for its immediate relevance to managers trainers coaches and mentors alike in any type of organization

in the tradition of barbara ehrenreich s nickel and dimed and studs terkel s working the mind at work is an illuminating reassessment of american labor testimonials to physical work have always celebrated the dignity the economic and moral value even the nobility of blue collar labor but rarely the thought required to get the job done right the lightning fast organization and mental calculations of the waitress the complex spatial mathematics of the carpenter the aesthetic and intellectual dexterity of the hair stylist our failure to acknowledge or respect these qualities has undermined a large portion of america s working population in the mind at work award winning writer mike rose sets the record straight by taking a long hard look at the intellectual

demands of common work integrating personal stories of his own working class family with interviews vivid snapshots of people on the job and current research in social science and cognitive psychology rose draws a brilliantly original portrait of america at work as he probes the countless decisions computations and subtle judgments made every day by welders and plumbers waitresses and electricians rose redefines the nature of important work and overturns the hand brain dichotomy that blinds us to the real contributions of working people

an acclaimed hypertext novelist s reflections on art and technology nonlinearity and the creative process
