Ali emphasized that African Americans were Moorish nationals with a legal and spiritual right to self-determination, separate from the oppressive constructs of American slavery and segregation. His teachings attracted a diverse following, and the organization grew rapidly, spreading across urban centers in the United States. --- The Philosophy Behind the Movement The Concept of Moorish Identity At the heart of Noble Drew Ali's teachings is the assertion that African Americans are descendants of the Moors — an ancient civilization that once controlled parts of Europe, Africa, and the Mediterranean. He argued that this heritage was deliberately obscured by colonial histories and that reclaiming it was essential for spiritual and political liberation. The Doctrine of Self- Determination and Sovereignty One of Ali's core messages was that Moorish Americans are sovereign nations within the United States, with the right to govern themselves and reclaim their cultural identity. This doctrine has played a vital role in contemporary Moorish movements, as adherents see themselves as nations rather than mere citizens. -- - The Exhuming of a Nation: Symbolism and Reality What Does "Exhuming a Nation" Mean?
