mixing emotions with money based decisions as a beginner is usually a plan for disaster i ask people who come to me for help if they want to be a winner and be right all the time or be a money maker unfortunately too many brand new traders think that being right is more important than making money i beg to differ and you re crazy if you look at it any other way in this business it is huge step when you make the decision to become a trader most brand new traders are getting into this business because they think they can make quick money and become rich beyond their dreams while that may be true it is not as easy as

one thinks and certainly will not happen as soon as one thinks there are only two groups of people who are doing business in the markets the professionals and the retail investors and traders by the time you re done reading this book you ll be able to join the professionals pay attention to the 10 steps this book lays out if you wish to compete with the top professional traders in the world there is information in this book that they don t want you to know by buying this book you will have taken the first step needed to end up in the group that achieves consistent low risk profits on a daily basis the professionals and the smart money if you are not ready to take that step yet then you may be a part of the group called the sheeple of the herd that provides those profits while that may seem like a harsh statement i think it s important to point out the a few of the harshest realities of how the markets work right up front so you know what s at stake when your hard earned money is at risk in the live market and the techniques in this book are what the smart money uses every day to make a consistent unlimited income from trading in the financial markets and you can too

unlock the secrets to successful trading a comprehensive guide for aspiring traders are you tired of losing money in the markets ready to transform your trading journey from frustration to financial success how to become a profitable trader is the ultimate blueprint for beginners looking to master the art of price action trading and develop a winning trading strategy written by expert trader peter e james this groundbreaking book reveals the insider techniques that separate successful traders from the vast majority who struggle discover the ten natural laws of trading that most investors never understand proven price action strategies that work across multiple markets how to read market structure like a professional trader advanced techniques for forex stocks day trading and cryptocurrency the revolutionary mae formula for identifying high probability trades candlestick pattern secrets that give you a competitive edge why most traders lose money and how to avoid their critical mistakes whether you re a complete novice or an intermediate trader looking to refine your skills this book provides a step by step roadmap to trading profitability peter e james shares his personal journey from market mishaps to consistent profits offering readers an authentic and practical approach to trading that goes beyond theoretical concepts inside you ll learn how to identify market trends with precision master support and resistance techniques recognize and trade big market moves apply price action strategies across different financial markets develop the mindset of a successful trader perfect for anyone looking to take control of their financial future how to become a profitable trader is more than just a book it s your comprehensive trading education packed with real world examples case studies and actionable strategies take the first step towards becoming a profitable trader your financial transformation starts here keywords price action trading trading strategies forex trading stock trading cryptocurrency trading trading for beginners market analysis trading techniques profitable trading trading secrets

how to develop a profitable trading strategy why you should do the opposite of what the majority of traders are trying to do traders become active in the stock market for no other reason than to collect points ticks and pips as much as possible and as fast as possible everything else is pastime and useless analysis traders therefore need a method a system that does exactly that accumulating small profits permanently which eventually adds up to a considerable plus in the

account for this to happen the author takes the classic recommendation cut your losses and let your profits run under the magnifying glass in this book he does the opposite of this well meaning advice keep profits as small as possible and choose losses as great as possible in the second part of the book he is investigating a strategy that works with this premise and the historical backtesting gives him right when traders do the opposite of what the crowd is trying to do they finally have success table of contents part 1 do the opposite of what the crowd of traders is trying to do 1 what traders can learn from automatic trading systems 2 do the opposite of what is in the trading books assertion 1 cut your losses and let your profits run assertion 2 try to achieve a good risk reward ratio assertion 3 you only need a hit rate of 33 33 3 aim for a high hit rate 4 why trading strategies with good rrrs are usually unsuccessful 5 praise of the take profit order 6 praise of the automatic entry part 2 trading strategies with a small price target and a wide stop test 1 german bund future crossing moving average strategy test 2 e mini crossing moving average strategy 1 test 3 e mini crossing moving average strategy 2 conclusion glossary more books by heikin ashi trader about the author
