every major measure of students historical understanding since 1917 has demonstrated that students do not retain understand or enjoy their school experiences with history bruce lesh believes that this is due to the way we teach history lecture and memorization over the last fifteen years bruce has refined a method of teaching history that mirrors the process used by historians where students are taught to ask questions of evidence and develop historical explanations and now in his new book why won't you just tell us the answer he shows teachers how to successfully implement his methods in the classroom students may think they want to be given the answer yet when they are actively engaged in investigating the past the way professional historians do they find that history class is not about the boring memorization of names dates and facts instead it's challenging fun historical study that centers on a question where students gather a variety of historical sources and then develop and defend their answers to that question allows students to become actual historians immersed in an interpretive study of the past each chapter focuses on a key concept in understanding history and then offers a sample unit on how the concept can be taught readers will learn about the following exploring text subtext and context president theodore roosevelt and the panama canal chronological thinking and causality the rail strike of 1877 multiple perspectives the bonus march of 1932 continuity and change over time custer's last stand historical significance the civil rights movement historical empathy the truman macarthur debate by the end of the book teachers will have learned how to teach history via a lens of interpretive questions and interrogative evidence that allows both student and teacher to develop evidence based answers to history's greatest questions

learn how to engage students in investigating the past lesh provides research based guidance to help teachers grades 6-12 develop and use questions that guide historical inquiries align assessment to inquiry and incorporate difficult histories each chapter uses a specific lesson framed by student work to illuminate approaches in real classroom scenarios

this primary source edition provides 1 to 2 primary sources per chapter tied to the chapter's content with critical thinking questions for each source at no additional cost to your students a condensed version of the american people seventh edition this engaging text examines u.s. history as revealed through the experiences of all americans both ordinary and extraordinary with a thought provoking and rich presentation

the authors explore the complex lives of americans of all national origins and cultural backgrounds at all levels of society and in all regions of the country a vibrant four color design and compact size make this book accessible convenient and easy to read

across humanities disciplines public scholarship brings academics and community members and organizations together in mutually beneficial partnership for research teaching and programming while the field of publicly engaged humanities scholarship has been growing for some time there are few volumes that have attempted to define and represent its scope the routledge companion to public humanities scholarship brings together wide ranging case studies sharing perspectives on this work grounded in its practice in the united states the collection begins with chapters reflecting on theories and practices of public humanities scholarship the case studies that follow are organized around six areas of particular impact in public humanities scholarship informing contemporary debates amplifying community voices and histories helping individuals and communities navigate difficult experiences preserving culture in times of crisis and change expanding educational access and building and supporting public scholarship the companion concludes with a glossary introducing select concepts taken together these resources offer an overview for students and practitioners of public humanities scholarship creating an accessible vocabulary rooted in the practices that have so advanced academic and community life although drawing on case studies from the us these examples offer perspectives and insights relevant to public humanities around the world this book will be of interest to anyone working within the public humanities or wanting to make their work public and engage with wider communities

the new york times bestseller authoritative well reported and elegantly written if you want to understand the turmoil in gaza syria and beyond the iranian revolution of 1979 is a good place to start the times an excellent narrative account of the two tumultuous years that resulted in the triumph of ayatollah khomeini and the creation of an islamic republic telegraph anderson brilliantly tells this tale of greed paranoia and hubris financial times good and worthwhile from the middle east to the war in ukraine the world is still experiencing the aftershocks of the fall of the shah and it s not over yet john simpson guardian masterly an exceptional and important book scrupulous and enterprising reporting rarely combine with such superb storytelling new york times a spellbinding narrative history of the 1979 iranian revolution and its devastating

consequences by the sunday times bestselling author of lawrence in arabia before the revolution the shah of iran seemed invincible the world watched in awe as he commanded a huge army and oversaw an economy awash with billions of dollars of oil revenues the regime s secret police had crushed communist opposition and the shah appeared to have bought off the conservative muslim clergy inside the country on the international stage iran had become an invaluable ally to the west during the cold war but village streets spoke of a different country people derided the shah as an american lackey and blamed him for economic inequality for spending recklessly on lavish parties and for ignoring the muslim majority when a volcanic religious revolution erupted led by a fiery cleric named ayatollah khomeini the shah was forced off the throne and into exile how did it all go so wrong brilliantly brought to life by the sunday times bestselling author scott anderson this gripping behind the scenes narrative reveals how the iranian revolution was as world shattering an event as the french and russian revolutions and how its repercussions are still felt around the world today in the middle east in india in southeast asia and now in europe and the united states the hatred of economically marginalized religiously fervent masses for a wealthy secular elite has led to violence and upheaval and iran was the template praise for king of kings gripping anderson does an excellent job of narrating the extraordinary events of the revolution spectator told with clarity and directness it is unlikely that a more authoritative account of this torrid period will ever be written observer a sweeping gripping book one that makes past times and dead people often weird complex and evil spring to life with its narrative verve and attention to detail riveting compelling wall street journal timely a lively tale of palace intrigue new yorker the most compelling account yet of the revolution in iran outstanding eugene rogan author of the fall of the ottomans thrilling the gold standard account of the shah s fall an epic and heart breaking tragedy azadeh moaveni author of guest house for young widows a masterfully told account a must read steve coll pulitzer prize winning author of ghost wars delivers remarkable new insights into one of history s least understood upheavals kim ghattas author of black wave thrilling and fully authoritative azadeh moaveni award winning author of lipstick jihad and guest house for young widows important and riveting sebastian junger bestselling author of in my time of dying and tribe

providing students with a thought provoking account of americans s past the american people examines how american society assumed its present shape and developed its present forms of government a strong social emphasis underscores the humanness of america s history as

revealed through the everyday lives of ordinary americans in addition recovering the past essays acquaint students with the work that historians do by introducing them to the fascinating variety of materials that historians use to understand and interpret the past two new primary source features american voices and how others see us enliven the narrative with short passages from both ordinary and extraordinary americans or from outsiders commenting on the american nation or its people for anyone interested in a survey of united states history
