since the end of world war ii social science research has become increasingly quantitative in nature a case for the case study provides a rationale for an alternative to quantitative research the close investigation of single instances of social phenomena the first section of the book contains an overview of the central methodological issues involved in the use of the case study method then well known scholars describe how they undertook case study research in order to understand changes in church involvement city life gender roles white collar crimes family structure homelessness and other types of social experience each contributor confronts several key questions what does the case study tell us that other approaches cannot to what extent can one generalize from the study of a single case or of a highly limited set of cases does case study work provide the basis for postulating broad principles of social structure and behavior the answers vary but the consensus is that the opportunity to examine certain kinds of social phenomena in depth enables social scientists to advance greatly our empirical understanding of social life the contributors are leon anderson howard m bahr theodore caplow joe r feagin gilbert geis gerald handel anthony m orum andree f sjoberg gideon sjoberg david a snow ted r vaughn r stephen warner christine l williams and norma williams

this is the authoritative reference work in the field an interdisciplinary set it investigates the extensive history design and methods of case study research

drawing upon findings from many disciplines including sociology communication family studies human development psychology and anthropology this book provides the first composite study of the whole family and of the complex interplay between self and collectivity in family life it departs sharply from the traditional two person cause effect models used in conventional studies and attempts to delineate a social psychology of the family this book undertakes to define and understand the nature of families to point out ways of discerning different family characters and to comprehend the processes by which these characters are established and maintained by so doing it introduces a new dimension into the study of family behavior and provides a framework

within which meaningful investigations and practical applications can be pursued this long awaited fourth edition continues the goal of preceding editions to understand families in terms of the kinds of interaction through which family life is constructed contributors drawn from a wide variety of disciplines sociology communication family studies human development psychology anthropology and social work provide a range of authoritative and up to date sources on the family and interpersonal relations including newly emergent forms of family organization in providing a new framework for fruitful investigation and practical application this volume contains the best available interdisciplinary work on the social psychology of the family

despite the widespread and serious nature of trauma as a serious health issue many who suffer from trauma avoid seeking services while many drop out of services prior to completion additionally family as a potential source of healing from trauma is a seriously neglected topic in the field this book offers a flexible family treatment approach that can adapt to issues trauma survivors are willing to work on

prepare for the real world of family nursing care explore family nursing the way it's practiced today with a theory guided evidence based approach to care throughout the family life cycle that responds to the needs of families and adapts to the changing dynamics of the health care system from health promotion to end of life a streamlined organization delivers the clinical guidance you need to care for families significantly updated and thoroughly revised the 6th edition reflects the art and science of family nursing practice in today's rapidly evolving healthcare environments

introduction to family counseling a case study approach presents basic knowledge about family counseling and applies various theoretical models to a case example looking at one nuclear family along with its extended family members that readers follow throughout the text judy esposito and abbi hattem's multi generational family is constructed from their experiences as professors and family therapists to exemplify the concepts and theories of family counseling beyond the theories of family counseling students learn about the family life cycle and various tools for assessing families as well as the history of family counseling

ethical issues relevant to family counseling are also included along with transcripts from hypothetical family counseling sessions throughout the book in addition the book focuses on working with diverse families and takes special care to emphasize multicultural issues

through two years of anthropological fieldwork in the suburbs of bergen norway s second largest city the author has listened carefully to the conversations of young working class women in this intimate study she examines how the lives of these women are shaped what dignity and self respect means to them and how they define their identities as women she discusses such topics as the rising rate of divorce women s culture and how these women play a crucial role in creating and maintaining a cultural life style for their families

includes bibliographical references and index

the fourth edition of working with families presents an innovative model for choosing specific intervention methods that meet the discriminate level of need of a particular family thomas p holland has been added as a second author to help update and maintain the most current text possible
