this is one in a series of introductory books providing readers with an overview of the more

frequently encountered legal principles this book focuses on the common law tort principles that apply in the territory as a basic introduction this book is intended to be user friendly the text is kept short and easy to read chinese translations of most legal terms used in the text are provided an extensive endnote section provides readers with additional information and in depth explanations thoroughly revised and reorganized this second edition of tort law in hong kong will appeal to students of legal subjects professionals whose work involves interaction with legal matters and the general public

the publication of scholars of tort law marks the beginning of a long overdue rebalancing of private law scholarship instead of concentrating on judicial decisions and academic commentary only for what that commentary says about judicial decisions the book explores the contributions of scholars of tort law in their own right the work of a selection of leading scholars of tort law from across the common law world ranging from thomas cooley 1824 1898 to patrick atiyah 1931 2018 is addressed by eminent current scholars in the field the focus of the contributions is on the nature of the work produced by each of the scholars in question important influences on their work and the influence which that work in turn had on thinking about tort law the process of subjecting tort law scholarship to sustained analysis provides new insights into the intellectual development of tort law and reveals the important role played by scholars in that development by focusing on the work of influential tort scholars the book serves to emphasise the importance of legal scholarship to the development of the common law more generally
