derived from the renowned multi volume international encyclopaedia of laws this book provides valuable practical insight into both public supervisory legislation concerning insurance and private insurance contract law in spain an informative general introduction surveying the legal political financial and commercial background and surroundings of insurance provides a sound foundation for the specific detail that follows the book covers all essential aspects of the law and regulation governing insurance policies and instruments its detailed exposition includes examination of the form of the insurance company and its reserves and investments the insurance contract the legal aspects of the

various branches of property and liability insurance motor vehicle insurance schemes life insurance health insurance and workmen's compensation schemes reinsurance co insurance and pooling taxation of insurance and risk management and prevention succinct yet eminently practical the book will be a valuable resource for lawyers handling cases affecting spain it will be of practical utility to those both in public service and private practice called on to develop and to apply the laws of insurance and of special interest as a contribution to the much needed harmonization of insurance law

this book explores a range of comparative issues in and in the relationship between property law and contract law in english and spanish law it also draws on other jurisdictions the purpose is to give readers access to discussions of these areas of private law that are not easily accessible elsewhere it goes further however than simply setting out similarities and differences it provides an insightful analysis of key points of interest in the comparison of the legal systems discussed

this book discusses prominent and controversial gender related issues across the fields of family law tort law labour law civil procedure law adr and private international law an important critical assumption made by the authors is that the gender equality perspective has been largely neglected in several branches of private law since scholars researching the intersection between gender and legal studies are mostly focused on public law and human rights law in light of that the book contributes not only to the deconstruction of gender blind private law but also to the development of a gender competent analysis of the key branches of private law starting with private international law gender perspective in family law is analyzed on the basis of gendered and heteronormative operations of family law with reference to the formation of legally recognized relationships the establishment of legal parenthood the division of marital property after a divorce and the arrangements for post separation parenting also regulation of family matters in indian society and the gender equality perspective from the principle of the child's best interest are considered as far as tort law is concerned the book addresses compensation for damages suffered by women performing unpaid household work further it contains papers dedicated to the following labour law issues the genesis of labor law and its capacity to contribute either to worsening gender inequality in the world of work or to promoting gender equality gender segregation in the labour market and its connection to family friendly policies in the european union sexual harassment at work and the impact of work digitalization on gender related labour law issues lastly the authors analyze gender equality in civil procedural law as well as in mediation as a tool for encouraging the peaceful settlement of disputes the book is intended to improve awareness of the wide range of private law issues that are important for understanding the ways in which gender inequality shapes everyday experiences while also presenting critical considerations of the key private law instruments for achieving gender equality

this book is the first of its kind to explore the problems inherent in the unification of

maritime law featuring contributions from leading experts at european maritime law research centres it considers international conventions current maritime practice standard forms and recently adopted or drafted national codifications of maritime law from the codification point of view the book is divided into four parts which represent different views on the main topic part i gathers chapters dedicated to different aspects and methods of unification of maritime law on a global scale as well as several specific issues of maritime law from the regulatory point of view part ii of the book consists of those papers that centre around the issue of transport of goods part iii is dedicated to codifications of carriage of passengers cruise law and leisure navigation finally part iv addresses national codifications of maritime law codification of maritime law challenges possibilities and experience seeks to provide common ground for future unification of maritime law which makes the book useful both for private and public maritime lawyers and states maritime administrations worldwide

this book discusses the problem of sea carriers liability with a particular focus on role of the technologies that have been employed to support maritime transport in recent decades it examines the hague rules providing an overview of the precedent standard of liability its historical development up until its application and its construction at the current time to do so it presents two exemplary studies from english and american case law and analyzes the situations in which the courts have required the application of new technologies as part of the duties set in the current governing liability regime written in an easy to follow style the book offers not only an unique overview of the applications of technologies in making ships both seaworthy and cargo worthy but also a practice oriented guide to understanding and making decisions about sea carriers liability it is intended for law practitioners as well as advanced graduate students and researchers in the field of maritime shipping transport and insurance law

this open access book focuses on the regulatory framework for the sustainability of the insurance market it analyzes its potential impact on insurance undertakings governance and product design the book is structured into three parts it firstly explores the general framework on the sustainability for the insurance market focusing on the regulation at the european union level secondly it examines sustainability and insurers governance including topics like sustainable investments and esg factors finally the book turns to sustainability and insurance products addressing agricultural insurance systems and pensions the book is aimed at academics policymakers and professionals in the insurance sector

this book offers a novel study on the impact of the covid 19 pandemic on insurance from an international and comparative perspective it assesses how insurance has to adapt to a new landscape the effects of which will last over time and cut across all areas of the field to avoid physical contact digitalisation has accelerated dramatically affecting insurance in all its phases risk selection underwriting pricing and claims settlement however the effects of

the covid 19 pandemic go far beyond that the extent to which a claim caused directly or indirectly by the virus is or is not covered by a given policy has been the subject of debate in many insurance branches the most litigated cases worldwide are those that concern damages resulting from business interruption due to restrictions enforced by the authorities in virtually every country this book analyses the rulings for and against the insured that have already been handed down by courts in various jurisdictions for example in the us latin america spain and germany in order to provide guidance to the parties in future lawsuits and also to guide the courts own responses this analysis extends to the measures that governments have taken in relation to insurance during the pandemic as well as the changes that insurers have introduced in their general conditions to exclude coverage for the pandemic this response is unsatisfactory as the big question is how pandemic related risks can be covered if private insurers simply refuse to do so solutions based on risk sharing with public entities or the use of contractual modalities such as parametric insurance are among those outlined by the authors the book was written by experts from academia and lawyers specialising in this field and written for all those interested in the field of insurance lawyers judges academics and legal professionals
