this edited volume brings together scholars from psychology linguistics sociology and communication science to investigate how performative notions of gender and sexuality can be fruitfully explored with the rich set of tools that have been developed by conversation analysis and discursive psychology for analyzing everyday practical language use agency and identity in talk contributors re examine the foundations of earlier research on gender in spoken interaction critically appraise this research to see if and how it translates successfully into the study of sexuality in talk and promote innovative alternatives that integrate the insights of recent feminist

and queer theory with qualitative studies of talk and conversation detailed empirical analyses of naturally occurring talk are used to uncover how gender and sexual identities agencies and desires are contingently accomplished in conversational practices collectively they pose the important question of what a critical theory of talk gender and sexuality ought to look like if it is to be sensitive to a politics of conversation analysis

i love the warmth and wit in this book but i say this in no way to detract from the seriousness of its subject matter and its incisive treatment by mary crawford this is a great book and an important book which articulates current critical thinking about research around gender and language mary crawford writes brilliantly powerfully and lucidly i thoroughly recommend it british psychological society psychology of women section newsletter this refreshing re evaluation of current wisdom both academic and popular about men s and women s language critically assesses the abundant social science research of recent years and its representation in the mass media exploring a wide range of topics from talk shows to self help books mary crawford offers a new understanding of the role of language practices in both maintaining and disrupting gender inequality the book addresses such provocative questions as why has the study of gender and language so often focused on the limitations of women s talk how do academic practices constrain our understanding of how gender relations are re created and maintained in language use why do assertiveness texts usually ignore indirect modes of speech such as humour and storytelling

talking gender public images personal journeys and political critiques

the contributions in this book bring together a representative array of conceptual and methodological approaches in the study of communication gender and sex roles they map out the possible range and terrain of the theme communication gender and sex roles in interpersonal organizational cultural and applied interaction contexts

gender talk provides a powerful case for the application of discursive psychology and conversation analysis to feminism guiding the reader through cutting edge debates and providing valuable evidence of the benefits of fine grained discursive methodologies in particular the book concentrates on discourse and conversation analysis providing a full account of these methodologies through the detailed study of data from a variety of settings including focus groups interviews and naturally occurring sources providing a thorough review of the relevant literature and recent research this book demonstrates how discourse and conversation analysis can be applied to rework central feminist notions and concepts ultimately revealing their full potential and relevance to other disciplines each chapter provides an overview of traditional feminist research and covers subjects including sex differences in language conversation and interruption reformulating context power and asymmetry gender identity categories masculinity and femininity this unique and thought

provoking application of discursive and conversation analytic methodologies will be of interest to students and researchers in social psychology sociology gender studies and cultural studies

an up to date overview by actual practitioners of key research methodologies currently used in language and gender study

the teacher student conference is a standard in the repertoire of teachers at all levels because it s a one to one encounter teachers work hard to make it comfortable and conversational but because it s a pedagogical moment they hope that learning occurs in the encounter too laurel johnson black s thoughtful new book explores the conflicting meanings and relations embedded in conferencing and offers both a new theoretical understanding of the conference and practical approaches to conferencing more effectively with students between talk and teaching is a valuable work for college writing teachers and writing program administrators and a natural for the writing center the ta training program and the english education program

more than a survey of theories or a grab bag of hot topics together presents a conceptually unified look at interpersonal communication that makes the material coherent and easy to grasp the text lays out a simple but powerful model of interpersonal communication which it then carries throughout the book together incorporates many recent social science findings social constructionism and social approaches to interpersonal communication and applies them to interpersonal communication in a way that is intellectually respectable yet accessible

environmental history has traditionally told the story of man and nature scholars have too frequently overlooked the ways in which their predominantly male subjects have themselves been shaped by gender seeing nature through gender here reintroduces gender as a meaningful category of analysis for environmental history showing how women s actions desires and choices have shaped the world and seeing men as gendered actors as well in thirteen essays that show how gendered ideas have shaped the ways in which people have represented experienced and consumed their world virginia scharff and her coauthors explore interactions between gender and environment in history ranging from colonial borderlands to transnational boundaries from mountaintop to marketplace they focus on historical representations of humans and nature on questions about consumption on environmental politics and on the complex reciprocal relations among human bodies and changing landscapes they also challenge the ecofeminist position by challenging the notion that men and women are essentially different creatures with biologically different destinies each article shows how a person or group of people in history have understood nature in gendered terms and acted accordingly often with dire consequences for other people and organisms here are considerations of the ways we study sexuality among birds of william byrd s masking sexual encounters in his account of an eighteenth century expedition of how the ecology of fire in a changing built environment has reshaped firefighters own

gendered identities some are playful as in a piece on the evolution of snow bunnies to shred betties others are dead serious as in a chilling portrait of how endocrine disrupters are reinventing humans animals and water systems from the cellular level out aiding and adding significantly to the enterprise of environmental history seeing nature through gender bridges gender history and environmental history in unexpected ways to show us how the natural world can remake the gendered patterns we've engraved on ourselves and on the planet

this text focuses specifically on three interrelated sets of questions with respect to gender politics and communication how do serious and popular media alike represent male and female politicians how do they frame their politics and how can these representations and frames be explained what is the role of mainstream and movement media for the women's movement how are feminist issues covered in the media and what kinds of media related activities do women's movements undertake how are the social and political concerns of ordinary women voiced in the media in talkshows in particular and how does this different popular platform interact with mainstream and feminist politics
