a survival guide for writers in the real world writing and designing manuals third
edition has become a standard reference for technical writers and editors
readable and practical it addresses all aspects of manual development from
choosing a format to writing effective warnings not limited to text elements the
manual also provides guidance for designing illustrations to complement the text
and underscore the safety warnings the completely revised and updated third
edition includes P current materials on desktop publishing P alternative media
such as videos cd roms and on line help P the impact of new technology such as
cd roms and digital cameras on manual design and production P new regulations
for products sold overseas P impact of the internet on manual design gone are the
days when a manual might be a few pages of typewritten text thanks to the
advances in computer technology even tiny companies can produce slick
professional publications writing and designing manuals third edition guides you
through the messy complex frustrating and fascinating business of producing
manuals
