drawing from the latest scientific research as well as numerous illustrative case studies the faith factor offers convincing proof that religious practices can and do enhance the healing powers of medicine and

nationally renowned physician dale a matthews offers a program any patient can follow to incorporate faith into their own healing dr matthews points out that encouraging an integration of religious beliefs and practices in medical settings can have important benefits for the entire medical community from patients and doctors to national health policy makers he shows how the national trend toward rediscovering religious values has led many patients to use prayer in conjunction with conventional treatment and that the results have already confirmed that faith and religious practice can be valuable medicine finally dr matthews helps readers explore the connection between faith and medicine in their own lives through methods of prayer community worship and study of scripture

is great teaching a gift that only a few of us are born with or is it a skill that can be learned in never work harder than your students robyn jackson makes a radical assertion any teacher can become a master teacher by developing a master teacher mindset the master teacher mindset can be achieved by rigorously applying seven principles to your teaching until they become your automatic response to students in the classroom the more you practice these principles the more you begin to think like a master teacher the seven principles are 1 start where your students are 2 know where your students are going 3 expect to get your students to their goal 4 support your students along the way 5 use feedback to help you and your students get better 6 focus on quality rather than quantity 7 never work harder than your students using these seven principles jackson shows you how to become a master teacher no matter where you are in your practices each chapter provides a detailed explanation of one of the mastery principles the steps you need to take to apply them to your own practice and suggestions for how you can begin practicing the principle in your classroom right away jackson offers stories from her own teaching practice as well as from other teachers she has helped to show you how each principle works teaching is a hard job but using jackson's principles will help you and your students reap the rich rewards of that hard work book jacket

things were different in the church jesus started we sing songs to jesus we pray to jesus but do we really know and understand what jesus preached before you say yes and move on consider these shocking facts most messages preached today have nothing to do with jesus core message christian universities that train pastors missionaries and priests dont have courses that teach what jesus taught and its been this way for hundreds of years the majority of believers in christ have little or no understanding of what jesus said or what he meant when he said it god is realigning his church with the message jesus preached and hes doing it to prepare us for jesus return get ready for a journey through the bible that will help you challenge your christian experience and knowledge of jesus teachings learn the true heart of christs teachings as recorded in gods word discover the kingdom life jesus provided for exemplified and taught shed any belief barriers that have inhibited your spiritual life to this point embrace and renew a walk with god that is alive growing fresh and purposeful

when you have questions about your faith turn to explore your faith it provides concise biblical answers to 75 common questions about the christian faith this easy to understand guide to faith addresses topics from how can i know god exists and how can i figure out what god s will is to why do we have to keep praying for the same thing each entry also includes discussion questions that are great for further study explore your faith will encourage you to dig deeper into your faith and enhance your spiritual growth

now more than ever before pastors and ministers should make sure the word of god goes forth in a world that has lost its moral and spiritual way in america we are living on the edge when we go to the marketplaces schools churches outside activities we don t know if a mass shooting might take place we don t know what to expect in public places because violence and killings have become commonplace many of our youth are dying from drug poisoning gun shootings and suicide racial hatred is on the rise and kids are taking guns to school causing lockdowns and distress all around us is sorrow sadness and senselessness the only hope light and transformation is god s word and its application these thematically arranged bible lessons can help in the process of humanity finding their way back to god through jesus christ

this catechism is divided into three parts the first part treats of faith the second of morals the third of the means of grace in the first part our lord appears in his character of teacher in the second in his character

of king and in the third in his character of high priest and since this catechism proposes as its primary object to answer the question for what purpose are we here upon earth thereby emphasizing and giving prominence to man s high calling and destiny it is especially suited to the present day when the pursuit of material interests self indulgence and pleasure engrosses the attention of so many this catechism is in fact nothing more nor less than an abstract of our lord s teaching and may be called a guide book for the christian on the road to heaven preface

the fundamental misunderstanding of faith herbert e douglass writes is one of the crucial reasons not only for the multiplicity of christian churches but also for the wide variances interpreting almost every biblical doctrine for example seventh day adventist discussing the issue of righteousness by faith focus their attention on such terms as justification sanctification and even righteousness and make the too often erroneous assumption that everyone understands the nature of faith itself what is faith it is intellectual assent a deep conviction a trust in something or someone or what revelation 14 12 declares that god s people before his return will have the faith of jesus what is the faith of jesus

there are many devotional books available containing brief daily inspirations that benefit all who read them this book is different in two respects the first is obvious it contains two readings per day 732 in all the second more important difference is that the author wanted to do more than offer inspiration this would make this book no different than so many others the messages in the book are study sketches in that the content is not only inspirational but also educational challenging and encouraging most of these writings were based on author michael j akers s teaching of adult bible studies for more than thirty years and learning what really brought adults to want to deepen their knowledge and application of the word of god

many of us believe what we do because we were raised in a particular church under a particular view in the faith with particular traditions that being the case as we get older we tend to stick with this belief system or drop it all together this however is no reason to believe in a particular doctrine or subscribe to a particular denomination it simply is no answer and is less of a reason in and of itself to believe in or serve under some religious pretense we should not base our beliefs on some emotional experience we had which we cannot really explain with any substance other than to attribute the experience to something we want to be lieve was spiritual or god inspired this choice belief and faith should not be an unexplainable gut feeling or some thought shrouded in a cosmic concept of god that is neither specific nor explainable neither should we hide behind peer pressure that makes us feel guilty if we denied having any real belief in the ex istence of god at all none of these aspects are the basis to knowing anything let alone foundations of a faith the question then becomes how do we know what is true and what to believe on the ground where we live what are the facts behind the faith and what is folklore how can we know for certain many attribute their belief based on some life experience but these experiences are often cloud ed because of some traumatic emotional circumstance any answers we tend to get for these moments are either vague or wrapped in some traditional antidote leaving us unsatisfied in many cases we would be better off making something up to believe on our own at least that way it would be more personal in the christian faith finding these and other answers to even harder questions are relegated to the scriptures of the bible the challenge there is that we can get answers that may be couched in religious doctrine there are over 2300 evolving translations of the bible which have been used by millions over time to manipulate billions of people for thousands of years the bible has been used to justify countless evils and atrocities how then can we trust a writing that has been so manipulated over the ages if the bible and all that it represents is not real and not the absolute literal truth our faith on any front is without merit and we have all been played the fool there have been many books written about the bible examining and criticizing even supporting the scriptures this effort will attempt to answer a simple yet compelling question what is behind the faith
