what if i told you you could learn to read beyond the words that come out of people's mouths in just a few chapters have you ever been in a situation where you badly wanted to understand the true motives of a person so that you can make a sensible decision i bet you have because this is often something we all go through on a regular basis why is my boss behaving this way or why is my spouse talking in a condemning manner if you have asked these questions to yourself in the past then you are in the right place once you learn to read people physically and psychologically you will answer several unanswered questions in the end we all come to a question that we are never sure of can i trust this person well there's never a foolproof way of deducing that but with proper insight into a person's behaviors and other cues you can determine whether they are worthy of your trust how many times in your life have you been duped by someone whom you initially thought to be trustworthy we all have faced such

situations it might have been a salesperson or your closest friend whoever it was it definitely hurts for the sake of understanding people's true motives it is important that you learn to read them their actions their thoughts their behaviors and their unintentional cues to understand whether that person is trying to mislead you never i repeat never take someone for their face value humans are social animals and we cannot go about our day without talking to others this makes it all the more important for you to be able to read people not everyone you meet is going to treat you the same way some might be waiting to scam you whereas there will also be others who genuinely respect you but if you want to see past the outer fa-ade of people you need to learn to decipher their body language in this book you will learn all of that and more here is a summarized version of all the key points which have been mentioned in this book how to use your mind skills to read someone understanding the true intentions of people learning to ask the right questions to get the desired answers breaking your biases to prevent them from interfering while reading people learning to read people in virtual settings and more even if you are just a beginner to all of this and are not confident about whether you will be able to read people accurately or not there's no harm in trying moreover this book will teach you everything from ground zero after you have finished reading this book you will be actively reading people the moment you enter a room in a matter of a few months i tried to cover all the major points without making it too long or boring all you have to do is scroll up and click on the buy now button click the add to cart button now to take advantage of this life changing book

the art of reading people is much more of a science you too can learn this skill which will allow you to know what people are thinking without them saying a word and even predict their

behavioral patterns not a generic book on looking at facial expressions or trying to see if someone is lying how to speed read people isn't about surface things it's about all the habits, ticks, and ways of thinking that can show you someone's intentions, personality, background, and goals. People are giving out signs all the time; you just have to know what to look for. This book is a mixture of behavioral psychology with superior observational skills honed from years of experience. Everything is rooted in science. Rest assured, discover the true meaning of emotional and social intelligence and what you've been missing. Patrick King is an internationally bestselling author and social skills coach. His writing draws from a variety of sources: scientific research, academic experience, coaching, and real-life experience. Find the shortcuts to read and predict a stranger's behavior, how to read someone's entire emotional spectrum, predicting people's most common desires and motivations, how someone's childhood context defines all of their adult behaviors, pain, pleasure, and how to predict exactly how someone will act and react, observations and reverse storytelling, subtext, tells, ticks, and the small things that make you emotionally intelligent.
