the present ecological crisis has created new interest in and criticism of biblical attitudes toward nature in this book theodore hiebert offers a comprehensive examination of the ideology of a single biblical author the yahwist j writer of the oldest narrative sections of genesis exodus and numbers hiebert argues the importance of reading j in its ancient near eastern context his analysis incorporates evidence concerning the ecologies economies and religions of the ancient levant drawn from recent work in archaeology history social anthropology and comparative religion hiebert finds that despite the limitations of j s world view and the world in which it took shape j s ideology is relevant to contemporary efforts to frame a theology of ecology particularly valuable are j s views of reality as unified and non dualistic humanity as limited and dependent nature and humanity as interrelated and holding sacred significance and agriculture as a context for an ecological theology

genesis myth in beowulf and old english biblical poetry explores the adaptation of antediluvian genesis and related myth in the old testament poems genesis a and genesis b as well as in beowulf a secular heroic narrative the book explores how the genesis poems resort to the christian exegetical tradition and draw on secular social norms to deliver their biblically derived and related narratives in a manner relevant to their christian anglo saxon audiences in this book it is suggested that these elements work in unison and that the two genesis poems function coherently in the context of the junius 11 manuscript moreover the book explores recourse to genesis derived myth in beowulf and points to important similarities between this text and the genesis poems it is therefore shown that while beowulf differs from the genesis poems in several respects it belongs in a corpus where religious verse enjoys prominence
