the museum of contemporary art

comprehensively traces the development of louis i kahn s philosophy of architecture from its beginnings in the 1930s to kahn s death in 1974 the author kahn s daughter provides a unique presentation of biographical information portions of letters and writings speeches photos and other material inaccessible to other writers includes diagrams collected from published and unpublished sources shows how kahn s personality and

background contributed directly to his philosophical principles

first ed published as louis i kahn talks with students 1969

the man who envisioned and realized such landmark buildings as the salk institute the kimbell art museum and the national assembly complex in bangladesh louis kahn was born in what is now estonia immigrated to america and became one of the towering figures in his adopted country's built world his works are unmistakable in their elegance monolithic power and architectural honesty written by carter wiseman one of kahn's most respected commentators this book offers a succinct accessible examination of the life and work of one of america's greatest architects it traces the influence of his immigrant origins his upbringing in poverty his education the impact of the great depression and the arrival of modernism on his life and work finally it provides insight into why as the legacy of many of his contemporaries has receded in importance kahn's has remained so durably influential louis kahn a life in architecture provides the best concise introduction available to this singular life and achievement

louis kahn's monolithic buildings defied convention and defined an era like the architect himself his structures were both complex and simplistic expressing an underlying strength while displaying a singularly bold vision here in this short form book by award winning author charles l mee jr is kahn's extraordinary story

louis i kahn the nordic latitudes is a new and personal reading of the architecture teachings and legacy of louis i kahn from per olaf fjeld's perspective as a former student the book explores kahn's life and work offering a unique take on one of the twentieth century's most important architects kahn's nordic and european ties are emphasized in this study that also covers his early childhood in estonia his travels and his relationships with other architects including the norwegian architect arne korsmo the authors have gathered personal reflections archival material and other student work to offer insight into the wisdom that kahn imparted to his students in his famous masterclass louis i kahn the nordic latitudes addresses kahn's legacy both personally and in terms of the profession documents a research trip the university of pennsylvania's louis i kahn collection and confronts the affiliation of kahn's work with postmodernism

gathers kahn's speeches writings interviews and journal entries and shares the reminiscences of fellow

architects

us architect louis kahn 1901 74 was one of the greatest influences on world architecture during the second half of the twentieth century this monograph focuses on kahn s major designs from the yale art gallery in new haven connecticut the salk institute la jolla california the kimbell art museum in fort worth texas phillips exeter library exeter new hampshire to the national capital of bangladesh and the indian institute of management in ahmedabad as well as a number of unfinished projects in order to understand his work and philosophy

honoring the fiftieth anniversary of the death of louis kahn in march 1974 this facsimile edition exquisitely reproduces the notebook in which the renowned american architect sketched and wrote during his travels in the last year of his life 00anchored by a magnificent set of drawings illustrating the final design of the franklin d roosevelt four freedoms park in new york city 1973 74 posthumously completed in 2012 louis i kahn the last notebook provides an intimate glimpse into the architect s mind and design process these private sketches and poetic reflections reveal kahn s spiritual understanding of architecture as inclusive of our total environment and shed new light on the architect s influential philosophy for designing building and conceiving architecture 00the facsimile pays close attention to the material qualities of the original notebook replicating its delicate transparent paper made widely available for the first time the publication includes transcriptions of kahn s handwriting by sue ann kahn and a commentary by architectural critic and historian michael j lewis 00continuing on from earlier investigations into the importance of drawing in the iconic architect s work at lars mu ller publishers louis i kahn the last notebook replicates sketching in its most raw pure form

looks at louis kahn s buildings including the exeter library and the salk institute as well as examining his impact on contemporary architecture and presenting his theories concerning the relationship between human consciousness and building design

louis kahn was one of the most important architects of the twentieth century hailed as a master of materials but also of light the plan of a building he once said should be read like a harmony of spaces created in light here in this essay by the legendary art critic robert hughes is kahn s story

she demonstrates instead that kahn s architecture is grounded in his deeply held modernist political social and artistic ideals which guided him as he sought to rework modernism into a socially transformative architecture appropriate for the postwar world

for everyone interested in the enduring appeal of louis kahn this book demonstrates that a close look at how kahn put his buildings together will reveal a deeply felt philosophy louis i kahn is one of the most influential and poetic architects of the twentieth century a figure whose appeal extends beyond the realm of specialists in this book noted kahn expert john lobell explores how kahn s focus on structure respect for materials clarity of program and reverence for details come together to manifest an overall philosophy kahn s work clearly conveys a kind of transcendent rootedness a rootedness in the fundamentals of architecture that also asks soaring questions about our experience of light and space and even how we fit into the world in louis kahn architecture as philosophy john lobell seeks to reveal how kahn s buildings speak to grand humanistic concerns through examinations of five of kahn s great buildings the richards medical research building in philadelphia the salk institute for biological studies in la jolla the phillips exeter academy library in new hampshire the kimbell art museum in fort worth and the yale center for british art in new haven lobell presents a clear but detailed look at how the way these buildings are put together presents kahn s philosophy including how kahn wishes us to experience them an architecture book that touches on topics that addresses the universal human interests of consciousness and creativity louis kahn architecture as philosophy helps us understand our place and the nature of well being in the built environment

las mas de 200 paginas de este libro permiten repasar la obra completa y las ideas de louis i kahn 1901 1974 en un formato compacto extensamente ilustrado y documentado el libro presenta la produccion de kahn en varios capitulos dedicados a obras y proyectos de vivienda lugares para el culto lugares para el trabajo instituciones junto a sus propuestas de ciudad en una edicion que incluye ensayos sobre temas basicos en torno a los cuales se mueve su obra tales como la luz el hombre el bienestar el sentido del lugar la arquitectura o la ciudad

this is a collection of drawings and statements by a master architect they mirror the vigor and perception manifest in his buildings and personal teachings the book is divided into two sections the first is a group of sketches produced during his european travels which are reproduced here actual size the second section

consists of early sketches as well as finished renderings of some of Kahn's buildings and visions they are arranged as close to chronological order as overlapping projects allow the text is based largely on transcriptions of unpublished speeches delivered by Kahn he completely reworked these speeches for the book transforming them from the spoken to the written word there are also selections from his voice of America broadcast a universal atlas cement folder the Museum of Modern Art booklet on the A. N. Richards Medical Research Building at the University of Pennsylvania as well as an introduction written for the book there Kahn states that the editors chose sketches of mood and development of a few projects rather than isolated drawings of a greater number of projects such a decision appeals to the architect who starts like the writer and the painter with a blank piece of paper upon which he imprints the gradual steps in the development of something he wants to make exist the drawings in the first section were made in Karnak Luxor Delphi Athens Albi Florence Pisa and Venice those in the second show stages in the development of the following projects the Sculpture Court of the Yale University Art Gallery Studies for the Philadelphia Center City 1956 and 1962 the A. N. Richards Medical Research Building the General Motors Exhibition Building 1964 World's Fair New York the Meeting House and Laboratory Complex Salk Institute of Biological Studies and the Mikveh Israel Synagogue Independence Mall Philadelphia the book which is being republished under the imprint of the MIT Press originally appeared in 1962

essay on the Salk Institute for Biological Studies previously published in *AU Architecture Urbanism*

this comprehensive and innovative study presents the fundamental features of Louis I. Kahn's architecture and describes his key buildings it is based on drawings prepared specially for this book and previously unpublished photographs and has been described as the most rigorous and precise study so far attempted in the German language Kurt W. Forster previously available in hardcover it is now being published in softcover ensuring that it will be accessible to all who are interested in the legacy of Kahn's work

an astounding treasury of drawings and plans from one of the 20th century's greatest architects offering unprecedented insight into his design process the importance of a drawing is immense because it's the architect's language famed architect Louis Kahn one of the most significant architects of the 20th century told his masterclass in 1967 while much of his built work has been heavily studied this publication chooses instead to focus on Kahn's prolific arsenal of drawings and plans some of which were never realized the importance of

a drawing provides an in depth look into the subtleties of kahn s designs featuring incisive analysis from architectural experts and over 600 high quality reproductions of work by kahn and his associates a testament to the architect s meticulous craft this volume is an essential addition to the library of established designers as well as students of architecture louis kahn 1901 74 was an estonian born american architect who worked in philadelphia for the majority of his life inspired early in his career by european medievalism and later the ruins of much older civilizations kahn was notable for his ability to meld the modernist tendencies of his time with the classical poise of ancient monuments some of his major designs include the national parliament house in dhaka bangladesh and the salk institute for biological studies in la jolla california some of kahn s unrealized projects such as the four freedoms park on roosevelt island have since been constructed posthumously kahn taught at yale school of architecture from 1947 to 1957 and then at the university of pennsylvania until his death
