this revised second edition of ethics and the profession of anthropology renews the challenge to anthropologists to engage in a dialogue concerning their commitment to professional ethical conduct containing a majority of new chapters the authors redefine what it means to conduct anthropological research ethically in a discipline that is now less isolated from allied fields in the physical and behavioral sciences and

coming to terms with the global changes that affect its practice fluehr lobban provides an overview of issues from the past 110 years drawing attention to the need for maintaining the ethical core of the discipline and a code of professional responsibility the contributors describe a series of crises in the discipline involving clandestine research and other questionable actions by anthropologists including secret research and intelligence work by academics the ethical problems of medical work among native people the evolution of cyber ethics and the changing relationships between indigenous people archaeologists and museums as a result of the 1990 nagpra repatriation legislation the book offers an excellent model for integrating ethics education at all levels of instruction and for empowering and engaging communities it will be a valuable tool for anthropological researchers instructors and fieldworkers as they transform their professional practice

the first book length biography of the luftwaffe s top field commander wolfram von richthofen a master of the tactical and operational air war one of the key catalysts in the resurrection of the german air force and an ardent and unwavering follower of the fuhrer

as engaging as it is astonishing this book provides extremely important revelations and striking pen portraits etched in acid of the main actors certainly the sources are fabulous john erickson author of the road to stalingrad a well written account filled with original material and documentation good reading for anyone interested in the history of wwii intelligence publishers weekly starred review

the desk encyclopedia of microbiology aims to provide an affordable and ready access to a large variety of microbiological topics within one set of covers this handy desk top reference brings together an outstanding collection of work by the top scientists in the field covering topics ranging from the basic science of microbiology to the current hot topics in the field provides a broad easily accessible perspective on a wide range of microbiological topics a synthesis of the broadest topics from the comprehensive and multi volumed encyclopedia of microbiology second edition helpful resource in preparing for lectures writing reports or drafting grant applications

analyzes how government secrets such as president truman s decision to make a sacred secret of the venona intercepts distort politics and our understanding of history

the early history of the philips national laboratory began in the winter of 1913 when gerard philips and his brother anton founded a research organization as a separate part of their company in eindhoven the philips brothers hired gilles holst and others to carry out scientific experiments in order to improve existing light bulb technology and later to create new products such as x ray tubes and radio sets holst

became the leader and organizer of the research laboratory scientists who worked under him proved the business value of industrial research for the philips company the national laboratory story indicates that it was not enough for philips to simply have a tradition of innovation the company also needed to create a culture and structure that permitted the coordination between people and resources that was necessary for developing innovations in an industrial context these innovations spaw such diverse topics as irradication of plants with artificial light and creating an agricultural research network of particular interest is comparisons drawn between philips and general electric kees boersma shows that the national laboratory history in the first decades of the twentieth century can be seen as part of a broader development internationally during the function of the industrial research laboratory became institutionalized the institutionalization process of industrial research involved an intentional structuring of the research organization in the company in which various persons worked together in specific business contexts at a local level philips people headed by holst reinvented the research function it is exactly this process that is central this book this will be a welcome addition to the literature on business history informed as it is by a sense of social theory and social organizations kees boersma is a historian who works as a researcher in the group of culture organization and management of the faculty of social studies at the free university of amsterdam his research expertise is grounded in the areas of science technology culture and organization studies

is the integrity of canadian universities being threatened by big business and a results driven environment
