the story of us humans explains human nature and human history including the origins of our species emotions behavior morals and society it explains what we are how we got here and where we are today by describing the origin history and current ways of our neighborhoods religion government science technology and business written in plain language it explains what astronomy

physics geology biology chemistry anthropology history religion social science and political science tell us about ourselves most everyone feels that human success is measured in terms of healthy and happy children and communities human thoughts and actions involve little besides love and children spouse and family community and justice because we are parenting mammals and social primates each of us simply wants to laugh and joke with our family and friends pursue life raise children and strive to be a valued and contributing member of our community we have made incredible progress building civilization in just a few hundred generations using nothing except our animal minds have you wondered what are the laws of nature and how many laws are there how did molecular life begin and then evolve into worms fish amphibians reptiles mammals primates and humans what are the differences between these animals how did we get from the big bang to bacteria and on to christianity democracy and globalization what is life like for gatherer hunters when did we first become farmers and first build cities and what was life like at those times what was life like in ancient mesopotamia ancient athens 13th century cahokia medieval china and europe 19th century new england yoruban villages and in the u s during the 1920s what was the industrial revolution and how has it changed our lives what are the hindu muslim confucian jewish christian buddhist and humanist religions and world views how have our wages infant mortality rates lifespans crime rates and poverty and inequality rates varied through the ages what are the biggest economic and social secrets in the u s today what are some meaningful goals and priorities for our civilization and how can we measure the success of our attempts to reach those goals includes questions index bibliography and 1 200 internet links taking you to images videos and discussed documents

bringing together strands of public discourse about valuing personal achievement at the expense of social values and the impacts of global capitalism mass media and digital culture on the lives of children this book challenges the potential of science and business to solve the world s problems without a complementary emphasis on social values the selection of literary works discussed illustrates the power of literature and human arts to instill such values and foster change the book offers a valuable foundation for the field of literacy education by providing knowledge about the importance of language and literature that educators can use in their own teaching and advocacy work

how did our extraordinary species go from living as simple apes to becoming the planet s dominant life form this beautifully illustrated book traces the journey of humanity from prehistory to the silicon age people love to tell stories and this fascinating

book tells the greatest tale of them all how we came to be who we are today explore how we developed into modern humans and how we ve organized ourselves into civilizations that have risen fallen and reshaped the earth itself

leyla ozgur alhassen approaches the qur an as a literary religious and oral text that affects its audience she looks at how qur anic stories function as narrative how characters and dialogues are portrayed what themes are repeated what verbal echoes and conceptual links are present what structure is established and what beliefs these narrative choices strengthen ozgur alhassen argues that in the qur an some narrative features that are otherwise puzzling can be seen as instances in which god as the narrator centres himself while putting the audience in its place in essence this makes the act of reading an interaction between god and the audience

animal studies is a growing interdisciplinary field that incorporates scholarship from public policy sociology religion politics philosophy and many other fields this new field seeks to understand how humans study and conceive of other than human animals and how these conceptions have changed over time across cultures and among various scholarly modes of inquiry until now this growing field has lacked a comprehensive introductory text appropriate for new scholars animal studies an introduction fills this deficiency providing the first holistic survey of the field

a guide to man s ancestors from the earliest hominids such as sahelanthropus dating back six to seven million years through to our own species it explains what each of the key species represents and how it contributes to our knowledge of human evolution

explores the origins of humans including how such developments as linnaeus classification system and recent understanding of the human genome have improved scientists comprehension of evolution

this volume assembles essays and article written by scholars who have a close connection with william mckane a dedicated scholar of the hebrew bible mckane s scholarship has focused on wisdom literature prophecy and other themes from the hebrew bible and he is best known for his commentaries on proverbs and jeremiah the contributions include essays from philip r davies james c vanderkam and r b salters on topics including lamentations 1 2 chronicles and the septuagint

vols for 1921 1969 include annual bibliography called 1921 1955 american bibliography 1956 1963 annual bibliography 1964 1968 mla international bibliography

in the postmodern humanism of philip k dick jason vest examines how dick adapted the conventions of science fiction and postmodernism to reflect humanist concerns about the difficulties of maintaining identity agency and autonomy in the latter half of the 20th century vest also explores dick s literary relationship to franz kafka jorge luis borges and italo calvino

in this tribute to steven t katz on the occasion of his seventieth birthday michael zank and ingrid anderson present sixteen original essays written by senior and junior scholars in comparative religion philosophy of religion modern judaism and theology after the holocaust fields of inquiry where steven katz made major contributions over the course of his distinguished scholarly career the authors of this volume specialists in jewish history especially the modern experience and jewish thought from the bible to buber offer theoretical and practical observations on the value of the particular contributions range from tim knepper s reevaluation of the ineffability discourse to the particulars of the settlement cookbook examined by nora rubel as an american classic

an introduction to the principles and skills of pastoral liturgy inter denominational this text can be used across different christian traditions in both formal and informal contexts and to meet traditional and non traditional pastoral needs

our history from the stone age to today
