among all groups in christendom the pentecostal charismatic movement is second in size only to the roman catholic church with growth that shows no signs of abatement its adherents declare the pentecostal movement which began at azusa street in 1906 to be

unprecedented in christian history since the first century of the church in its embrace of manifestations of the holy spirit such as divine healing miracles and speaking in tongues yet although it may be unprecedented in size and rate of growth stanley m burgess argues that is hardly unprecedented in concept in christian peoples of the spirit burgess collects documentary evidence for two thousand years of individuals and groups who have evidenced pentecostal charismatic like spiritual giftings worship and experience the documents in this collection bolstered by concise editorial introductions offer the original writings of a wide variety of peoples of the spirit from tertullian and antony of the desert to the shakers and sunder singh as well as of their enemies or detractors though virtually all of the parties in this volume considered themselves spirit gifted or given special qualities by god they are in many ways as different from one another as the cultures from which they have emerged in providing such an impressive array of voices burgess convincingly demonstrates that there have indeed been spirit filled worship and charismatic saints in all periods of church history

north america has experienced dramatic changes with the arrival of immigrants from africa asia and latin america since the 1970s some of the most important and often neglected aspects of migration are religious in this case study of pentecostal immigrants in canada wilkinson shows how global religious networks transform social relationships and religious organizations while contributing to new translocal identities

uniquely authoritative and wide ranging in its scope the oxford dictionary of the christian church is the indispensable reference work on all aspects of the christian church it contains over 6 500 cross referenced a z entries and offers unrivalled coverage of all aspects of this vast and often complex subject from theology churches and denominations patristic scholarship and the bible to the church calendar and its organization popes archbishops other church leaders saints and mystics in this new edition great efforts have been made to increase and strengthen coverage of non anglican denominations for example non western european christianity as well as broadening the focus on christianity and the history of churches in areas beyond western europe in particular there have been extensive additions with regards to the christian church in asia africa latin america north america and australasia significant updates have also been included on topics such as liturgy canon law recent international developments non anglican missionary activity and the increasingly important area of moral and pastoral theology among many others since its first appearance in 1957 the odcc has established itself as an essential resource for ordinands clergy and members of religious orders and an invaluable tool for academics

teachers and students of church history and theology as well as for the general reader

the book also features cross references throughout a bibliography accompanying each entry an elaborate appendix listing biographies according to particular categories of interest and a comprehensive index book jacket

many millennia before the present scriptures existed god wrote his first book namely nature itself it was through this original bible that men and women of ancient times experienced the mind and will of god it then seemed as if the eighteenth century intellectual enlightenment closed that book forever however in the following century the romantic poets and painters rediscovered the spirit enshrined in the natural world this perceptive study by well known thinker and writer gordon strachan discusses the tradition of green spirituality as seen through poets such as wordsworth and coleridge and painters such as samuel palmer caspar david friedrich and william turner strachan argues for the genuine spiritual vision of these artists before the so called twilight of romanticism set in he shows that there are many deep springs of inspiration in their work which chime with our current environmental concerns

9 years ago my wife and i were homeless with a newborn baby i grabbed my wife s hand and prayed that god would help us 2 hours later a millionaire handed me the keys to an empty apartment complexx 200 dollars and paid all my bills for two years during that time god told me to write this book

starting with a look at Conan Doyle's family and his Celtic roots Kelvin Jones charts his growing interest in spiritualism from his Jesuit education as a boy to his rather sceptical introduction to the phenomena at the end of the nineteenth century he goes on to illustrate how Conan Doyle's belief in spiritualism was deepened by the works of leading psychic researchers such as F. W. H. Myers and his joining of the Society for Psychical Research the book examines many of his own experiments and research and discusses several of his spiritualist stories and articles cover page 4

for the past fifty years literary studies and criticism have been dominated by formalist structural and text centered approaches the editor of this volume Jerome J. McGann has been arguing in recent years for more expansive and contextual procedures in this collection of essays he has brought together a group of distinguished collaborators including Terry Eagleton Marilyn Butler Cecil Lang and Sandra Gilbert whose work emphasizes the importance of social and historical methodologies for the study of literary texts representing a variety of viewpoints and critical strategies these critics together demonstrate the sociohistorical dimensions of literary works provide examples of how studies of such literary works might be pursued and suggest some central areas of investigation the resulting effort to reconstitute some vital and neglected critical approaches will engage students and scholars of literature and move them to reassess current critical assumptions fundamental to this collection is the sense that literary texts are more than self enclosed verbal constructs in his introduction to the essays editor McGann examines how and why the concept of referentiality fell into disfavor with modern literary schools the antihistorical bias of the New Critics structuralists and deconstructionists he argues ultimately limit their critical vision for literature McGann stresses has various points of reference to a larger world of social interactions and historical influence only by recognizing and reconstructing that world can we mine the full meaning and communicative potential of a fictional work
