 academic an introduction to accounting accountability in organisations and society is
 the only resource in the market that brings corporate accountability sustainability and
 social responsibility together to provide a unique offering within the introductory
 accounting market this text takes a unique approach by embracing from the start the
 notion of accountability for the environment and sustainability in accounting providing
 students with an understanding of accounting s pervasive and transformative role as a
 social practice and organisational driver it shows that environments ideas and values
 change the interconnectivity of society that the planet must be respected as a resource
 and that people are affected influenced by the information they receive and the way it
 is presented the text emphasises that accounting and accountability are key aspects of
 every person s life and that the practice of accounting while often being seen as very
 technical in nature has many social implications learning accounting through the lens of
 sustainability and the environment embeds this perspective in students minds so that in
 their careers they will actively seek and use accounting information to make decisions
 that take into consideration accountability for the environment premium online teaching
