thinking through questions is an accessible and compact guide to the art of
questioning covering both the use and abuse of questions animated by wide
ranging and engaging exercises and examples the book helps students
deepen their understanding of how questions work and what questions do
and builds the skills needed to ask better questions cowritten by two of today
s leading philosopher teachers thinking through questions is specifically
designed to complement connect and motivate today s standard curricula
especially for classes in critical thinking philosophical questioning and
creative problem solving called here expansive questioning offering students
a wide and appreciative look at questions and questioning this small book will
also appeal to faculty and students across the disciplines in college writing
courses creativity workshops education schools introductions to college
thinking design thinking projects and humanities and thinking classes open
ended creative and critically self possessed thinking is its constant theme
what field doesn t need more of that

the first five minutes of a classroom experience are critical the tone set in a
session s opening minutes can significantly impact and influence in both
positive and negative ways the quality and nature of the subsequent learning

experience how students spend that time can also have a positive impact on their learning in both the short and long term when the opening minutes of a class are approached as an opportunity to build student connections collaboration and community all learners benefit as more and more learning experiences occur in synchronous and asynchronous online learning environments strategies that both welcome students to online sessions and support student learning are increasingly important traditional ice breakers while typically shared with a goal of building community and student engagement can sometimes have unintended or even negative consequences on students this text shares a collection of powerful opening activities that are designed to simultaneously engage students build safe and connected classroom communities and support student learning all strategies are easily adapted and personalized to fit individual course and content needs including face to face synchronous online and asynchronous online learning contexts shared activities are aligned with associated learning science research and incorporate strategies that have been shown to support student engagement and learning such as retrieval practice active recall spaced practice and interleaving among other evidence based instructional strategies

this is the first and long awaited work on critical approaches to teaching english for the purposes of democracy and social justice that challenges the current views of elt such as english being merely a tool for communication or the acquisition of basic skills or high test scores for advancement in education and the marketplace a timely work and a fresh look at critical approaches to elt in asia an invaluable work that simultaneously problematizes current elt practices while introducing new possibilities for critical practices in localized contexts in asia an important work that shines a light on how the forces of globalization not only dictate the spread of english as an international language but how these forces also dictate what is taught and how an informative view on how elt practices are being re envisioned by critical educators in asia this groundbreaking volume compiling critical perspectives

of english language teaching in china hong kong indonesia korea and sri lanka confronts colonial legacies observed in educational practices and policies that perpetuate a divide between the privileged and the underprivileged the critical reflections scrutinize the nature of english as a commodified gatekeeper and simultaneously provide alternative visions for language education ryuko kubota professor the university of british columbia
