positively impact internal costing practices

Innovation and cost management are the key requirements for companies to survive the current global economic crisis. Cost management not only leads to incremental performance improvement but also to transformational change across the value chain. Cost management is viewed as part of a larger business process to influence decisions on pricing and profitability across several dimensions: product, customer, region, and distribution channel. In this book, you can learn how your costing process aligns with industry best practices and be on the leading edge of emerging practices such as value chain costing, shared services costing, and outsourcing. This book also tells us how cost management and accounting are being put into practice.

Hilton Maher Selto HMS is for instructors who want to teach students to manage costs and not just account for costs. HMS maintains that costs don't just happen and with a proactive approach toward costs, managers who understand cost implications as well as accountants can add value to an organization. Hilton Maher Selto focuses on having students learn to make decisions by the use of cost management challenges in the chapter opener, you're the decision maker boxes throughout each chapter, and the you're the decision maker simulation on the text website.
