expertly arranged miniature score choral by george frideric handel from the
kalmus edition series this is from the baroque era

this book examines the pioneering radio broadcasts and television documentaries
about the united states made in the 1950s by the influential west german journalist
peter von zahn part intellectual biography part analysis of significant debates in
west germany part study of an intensive encounter with the united states the book
helps explain the transformation of postwar west germany as a soldier in the
wehrmacht in world war ii zahn held the militantly elitist views typical of young men
in germany s educated middle class he reconsidered these positions in his postwar
broadcasts at the same time he coldly assessed the capacity of the united states to
win the cold war his broadcasts examined mccarthyism the african american civil
rights movement and numerous aspects of american culture and politics zahn s
broadcasts were one important voice in west german debates about the defects
and virtues of modern democratic societies and especially of the united states
debates whose intensity reflected recent german experiences with the failure of the
weimar republic and with nazism zahn s analyses of the united states remain
startlingly relevant today
