barbarians serving in the roman army like all other roman soldiers faced difficult choices as political events buffeted their leaders and threatened their livelihoods honorius stilicho alaric galla placidia constantius iii and usurpers like constantine iii and attalus left their imprints upon these years coloring the fabric of political and spiritual life as much as they affected military affairs

shao yun yang challenges assumptions that the cultural and socioeconomic watershed of the tang song transition 800 1127 ce was marked by a xenophobic or nationalist hardening of ethnocultural boundaries in response to growing foreign threats in that period reinterpretations of chineseness and its supposed antithesis barbarism were not straightforward products of political change but had their own developmental logic based in two interrelated intellectual shifts among the literati elite the emergence of confucian

ideological and intellectual orthodoxy and the rise of neo confucian dao xue philosophy new discourses emphasized the fluidity of the chinese barbarian dichotomy subverting the centrality of cultural or ritual practices to chinese identity and redefining the essence of chinese civilization and its purported superiority the key issues at stake concerned the acceptability of intellectual pluralism in a chinese society and the importance of confucian moral values to the integrity and continuity of the chinese state through close reading of the contexts and changing geopolitical realities in which new interpretations of identity emerged this intellectual history engages with ongoing debates over relevance of the concepts of culture nation and ethnicity to premodern china

the first comprehensive reference work devoted exclusively to this dark but critical period in the history of western civilization in the encyclopedia of barbarian europe medieval expert michael frassetto amasses the evidence for the defense and prosecution of this little understood transition era in the history of western civilization covering nearly 1 000 years of history from the late ancient period through the first centuries of the middle ages this concise but thorough reference work examines the key figures places events and ideas of barbarian europe this title chronicles the ancient visigoths the rule of benedict and the sacking of rome the easy to access alphabetical entries and essays offer more than a mere chronicling of kings and battles and explore the social and cultural history of the era with special attention played to the role of women

guy halsall relates warfare to many aspects of medieval life economy society and politics this book recovers its distinctiveness looking at warfare in a rounded context in the british isles and western europe between the end of the roman empire and the break up of the carolingian empire examining the raising and organization of early medieval armies and looks at the conduct of campaigns the survey also includes a study of the equipment of warriors and the horrific experience of battle as well as an analysis of medieval fortifications and siege warfare warfare and society in the barbarian west uses historical and archaeological evidence in a rigorous and sophisticated fashion it stresses regional variations but also places anglo saxon england in the mainstream of the military
