the film zeitgeist became an overnight internet sensation with its claims christianity was based upon a pagan solar mythology this idea developed in the eighteenth century but dismissed as ridiculous by scholars has held support among anti religious and occultic thinkers and recently was popularized by conspiracy theorists in the first of a two volume critique of these ideas albert mcilhenny takes on the claims of its best known supporters by the end of this volume the theory of astrotheology is show to be based on various historical mistakes popular in early modernity but since shown to be erroneous it is demonstrated the source of its current support is not based upon any evidence but the wild claims of conspiracy theorists dressed up to look like scholarship

in this pathbreaking study patricia bonomi argues that religion was as instrumental as either politics or the economy in shaping early american life and values looking at the middle and southern colonies as well as at puritan new england bonomi finds an abundance of religious vitality through the colonial years among clergy and churchgoers of diverse religious background the book also explores the tightening relationship between religion and politics and illuminates the vital role religion played in the american revolution a perennial backlist title first published in 1986 this updated edition includes a new preface on research in the field on african americans indians women the great awakening and atlantic history and how these impact her interpretations

this book is designed to facilitate the study of christianity by providing the most notable and instructive readings available the anthology also sets these readings in the context of the religious tradition itself

in the secular religion of franklin merrell wolff an intellectual history of anti intellectualism in modern america dave vliegenthart offers an account of the life and teachings of the modern american mystic franklin merrell wolff 1887 1985 who combined secular

and religious sources from eastern and western traditions in order to elaborate and legitimate his metaphysical claim to the realization of a transcendental reality beyond reason using merrell wolff as a typical example of a modern western guru vliegenthart investigates the larger sociological and historical context of the ongoing grand narrative that asserts a widespread anti intellectualism in modern american culture exploring developments in religious philosophical and psychological discourses in north america from 1800 until the present

patrons of the old faith is the first full length study on the catholic nobility in the dutch republic based on a detailed prosopographical analysis and through the examination of their marriage strategies interaction with protestants religiosity and contributions to the holland mission jaap geraerts shows how the behaviour of the catholic nobility was highly distinctive and differed from their co religionists and protestant peers as it was influenced by a specific set of noble and catholic values due to the synthesis of their noble and confessional identities the dutch catholic nobility in utrecht and guelders acted as patrons of their faith and were instrumental for the survival of catholicism in the dutch republic

christians and non christians alike are troubled by powerful questions why do innocent people suffer why isn t spiritual truth objectively provable how can evolution be reconciled with belief in god what is a soul what is moral truth how much hard history do the gospels contain what did jesus mean when he spoke of perfection what is evil clear concise answers to these and 265 other questions are offered in reasonable faith backed by many years of inquiry and research this book takes on questions that have been avoided or given terse treatment by other christian answer books in the process of facing such questions this work provides an honest and reasonable basis for compassionate christian faith like a breath of fresh air wonderful dr francis collins director of the national institute of health author of the language of god a masterpiece brother aelred reid benedictine monk st john s abbey collegeville minnesota beautifully written and diligently researched reverend richard a santella retired united methodist minister wonderful joan roughgarden professor of biology stanford university author of evolution and christian faith

this introductory college textbook is designed to help students think through the basic questions that arise in the study of religion

what is the nature of religious experience how is religion part of our lives how does religion shape the actions of individuals and communities how does religion promote or inhibit human development and well being developed and tested through team teaching and refined and revised through classroom use introduction to the study of religion brings together the expertise of five professors with distinct specialties they draw on examples from a variety of world religions to explore these questions easily accessible to undergraduates the text assumes little basic knowledge of religious traditions or history

essay from the year 2022 in the subject theology comparative religion studies grade 2 5 liberty university course religious studies language english abstract throughout the history of humanity religion has remained a controversial and tremendously delicate subject that demands considerable caution a slight misunderstanding from this trajectory can lead to spiteful destruction including death and injuries notably the most fundamental element that triggers controversies is the concept of a superior being in which a particular religious group believes
