from celebrity author kevin hart comes the laugh out loud highly illustrated sequel to marcus makes a movie

about a young boy who has big hollywood dreams and the hustle to make it happen everybody grab a ticket and run for a front row seat to marcus makes a movie judd winick new york times bestselling author of the hilo series marcus s movie toothpick vs the doom is a hit but the only thing harder than making a movie is making a second one marcus needs to come up with another great idea fast too bad his film crew aka friends are too preoccupied with their metube channels to notice an invite to the helen show has marcus thinking they ll be back on top but will nerves unchecked ambition and a rivalry between friends shut down this show before it even begins in the laugh out loud sequel actor and comedian kevin hart delivers a message about being creative working hard and learning that sometimes the best dreams are the ones you achieve with your friends

this book tells the incredible story of george gamow one of the most brilliant and extravagant physicists of the past century gamow was born in russia in 1904 and died in the usa in 1968 he lived his life in a time between the twenties and the sixties characterized by rapid developments in physics and became a key figure of that time gamow s true merits were seldom fully recognized yet his ideas are behind a number of nobel prizes for physics during the past century his remarkable achievements in nuclear physics astrophysics and cosmology were the result of a combination of expertise and creativity intuition and importantly of a good sense of humor together they craft the image of a true revolutionary scientist gamow also had a natural talent for popularization and was throughout his life a successful science communicator the figure of gamow is interesting also from a cultural perspective his life stretches across a critical period in our history and moves geographically from russia to the usa via europe his story provides insights into the complex dialogue between historical events and scientific developments during the twentieth century our book builds on the extensive interview that science historian

charles weiner did with gamow shortly before his death here gamow offers a complete survey of his scientific achievements tapping onto their dialogue we have enriched the picture of gamow s figure with materials gathered also from other sources first of all we discuss his autobiography in which gamow mainly focuses on the education he received in russia and on his experience as a young scientist in europe we contrast this with relevant writings about his at times controversial role in the scientific environment of his epoch altogether these form a critical and complex representation of the life and character of this extraordinary scientist and human being related link s

in a wickedly funny satire on size zero celebrity weight obsessed magazines the fashion industry the advertising industry high society and hollywood no area of media fueled body perfection bullying remains unscathed sad lonely sharon plunkett is a size 18 she s tried every fad every diet every cream but like a stain of grease on a pure silk blouse her rolls of fat refuse to budge the man of her dreams is not interested and her slim friend debbee uses her to look good but all that changes when sharon magically finds herself in a fantastic reversed world where it s suddenly in to be fat and out to be slim now feted and adored for her curvaceously large body and stunning face she goes from being a newly discovered model to a hollywood icon dating ever more glamorous men on the way sharon journeys to the top of the celebrity world as a magnificent example of womanhood but then it all goes wrong very wrong this delicious page turning novel highlights press manipulation and hits back at the skinny insanity currently gripping the western world
