de nuevo la panda de los últimos de la clase entra en acción lograrán rescatar a su profesor de matemáticas secuestrado por unos números muy revoltosos todo un reto como autor para antonio de la fuente arjona conseguir convertir en acción en vivencia teatral algo tan abstracto como un problema matemático

this book takes a long term approach spanning from the end of the 16th to the end of the 19th centuries to explore how men and women in italy france and spain collected displayed and passed down various types of papers the contributors share a core interest in the relationship between social actors and their paper heritage the collectors who come from diverse cultural social and gender backgrounds provide insights into the reasons and processes behind the accumulation valorisation and transmission of their paper heritage unlike most studies on collecting this book shifts the focus away from collections and institutions to the owners of the collected objects and their desires for their accumulated papers this volume covers three centuries and provides insights into the aspirations of collectors and the fate of their papers after

transmission it takes place against the backdrop of major social political and cultural changes affecting the italian peninsula the spanish monarchy and france the cultural interests and the collector networks often extended beyond europe as noted by many of the essays in this volume paper heritage in italy france spain and beyond 16th to 19th centuries will interest scholars and students of early modern and modern european history across various fields including social and cultural history intellectual history gender history history of collecting and patronage
