the authors have more than 100 years of collective experience in assisting police unions it all seemed so simple and formulaic a social movement that had been lingering for decades reached a tipping point and unions now had their greatest challenge ever the last 5 years have seen what

unions would describe as apocalyptic demands for reforms union leaders ranted about a war on the police the end of the profession and increasing hostility towards the police by the liberal media and politicians unions must change the way they do business if they want to survive this book identifies the who what and why of the reform movement how to mount an effective political campaign the complexities of an effective message and the reasons police union leaders succeed and fail this book is divided into five primary parts each of which explores a police profession under attack from reform activists left leaning media politically correct chiefs and weak mayors and councils afraid to push back against unrealistic and overreaching demands for reforms part i focuses on viewing reform as a social movement part ii examines the battle between unions and reform activists part iii unravels the mysterious world of police unions part iv predicts the future of the reform movement and police unions in light of the struggle taking place nationwide and finally part v are case studies perspectives and predictions from contributing authors who are on the front lines of the police labor movement in the u s and australia by following the superb analysis and creative ideas in this book police union leaders police management law enforcement personnel criminal justice professors and policymakers will see a path to reaching an accord on reform and advancing the police profession

this new third edition provides an update on what is known about street gangs throughout the world and summarizes some of the major works on street gang phenomena it focuses on those countries that have a greater presence in the literature chapter 1 introduces the reader to the topic of street gangs throughout the world chapter 2 identifies some of the challenges faced by scholars when studying gangs in different countries chapter 3 reviews some of the basic research on street gangs in the united states and canada chapter 4 covers what is known about street gangs in europe and russia chapter 5 reviews the literature on street gangs in one of the hottest areas of the world for gangs central america in addition this chapter examines south american and caribbean gangs street gangs in brazil el salvador guatemala jamaica brazil mexico nicaragua trinidad and other countries are covered the presence of street gangs and gang violence in these and other countries has been identified as a major factor in the mass migration of refugees to the united states chapter 6 reports on the street gangs of africa research on gangs in south africa goes back decades and the country has a unique history on how gangs evolved other countries such as egypt nigeria and kenya are developing a body of literature that highlights the distinctive nature of gangs and gang members in these countries chapter 7 addresses street gangs in asia including china india hong kong post reunification japan and other countries this chapter provides rare glimpses of gangs in china a relatively secretive country although different in many ways from gangs in asia information is also included here about gangs in australia and new zealand practitioners in the criminal justice and juvenile justice fields will find this book to be a valuable resource

drawing on a wealth of academic research statistics and interviews with key australian media people including present and former australian broadcasting corporation staffers this book explores the transitions of the abc under various types of organisational re strategising governance and political shifts the book provides the reader with an authoritative narrative as to how the abc has lost its iconic status in australian society and unfolds how the abc has strayed from its respected public charter which endowed the abc with a distinctive and important role in informing educating and entertaining the australian public successive federal government funding cuts have shrunk staffing levels and services while it has pursued a corporatist model that mimics the trappings and practices of commercial media in that process it has become politicised and trivialised thereby threatening its demise the book is a unique and timely contribution at a time of dwindling interest for the funding of public assets everywhere there is no other book in the market that addresses the decline of the organisation the abc and analyses the reasons for its demise within an organisational theoretical framework the book is written for an educated general audience with academics and media practitioners specifically in mind and has everyday applications for business organisations operating in the public sector by bringing together important findings of public funding budgets management and organisational strategies and evolution

the classic step by step atlas of general surgery procedures now in color and updated with the latest laparoscopic operations a doody s core title for 2011 1615 color highlighted illustrations a beautifully illustrated atlas of modern surgical procedures while in other atlases line drawings may simplify and operative photographs may add realism the illustrations in this atlas allow the surgeon to visualize both the anatomy and the operation beyond this the softly colored illustrations are aesthetically pleasing and invite reading of the accompanying narrative in sum while the ninth edition of zollinger s atlas of surgical operations differs from the early editions in

many ways it nonetheless evokes the enduring qualities of its predecessors and will guide yet another generation of surgeons. *Jama* for more than half a century, *Zollinger's Atlas of Surgical Operations* has been the gold standard reference for learning how to perform the most common surgical procedures using safe, well-established techniques. The ninth edition continues this tradition of excellence with the addition of color illustrations and coverage of more than 230 procedures, including many of the most important laparoscopic operations. Following the proven, effective design of previous editions, each procedure is fully explained on two pages: the right page contains beautifully rendered line drawings with color highlights that depict every important action a surgeon must consider while performing the operation; the facing page includes consistently formatted coverage of indications, preoperative preparation, anesthesia, position, operative preparation, incision and exposure, procedure, closure, and postoperative care. Features include coverage of gastrointestinal, hepatobiliary, pancreatic, vascular, gynecologic, and additional procedures, including hernia repair, vascular access, breast procedures, sentinel lymph node biopsy, thyroidectomy, and many more. New coverage of the latest laparoscopic procedures, including right and left colectomy, distal pancreatectomy with splenic preservation, right and left adrenalectomy, bariatric, roux-en-y gastric bypass, and adjustable gastric banding, and more. Time-tested, updated, and enhanced by color, *Zollinger's* remains the ultimate teaching atlas of surgery.

An all-new edition of the book breastfeeding mothers have relied on for generations is here for many years. *La Leche League* has set the standard for supporting families in the art of breastfeeding. This new edition brings that support to today's parents with up-to-date information, new illustrations, and stories from mothers, fathers, and grandparents around the world about their experiences. What's inside: why breastfeeding matters, feeding cues, and nursing positions for getting started, life with your breastfed baby, managing common challenges with new research, expressing and storing your milk, especially when going back to work, sleep, and how to get more of it, starting family foods, and weaning. *La Leche League* is here to help you meet your breastfeeding goals, whether you're planning to breastfeed for a few weeks or a few years. This book puts information at your fingertips, ready to help you at any point on your breastfeeding journey.

A practical introduction to Java programming, fully revised for the latest version, Java SE 17. Thoroughly updated for Java Platform Standard Edition 17, this hands-on resource shows step-by-step how to get started programming in Java from the very first chapter, written by Java guru Herbert Schildt. The book starts with the basics, such as how to create, compile, and run a Java program. From there, you will learn essential Java keywords, syntax, and commands. *Java: A Beginner's Guide*, ninth edition, covers the basics and touches on advanced features, including multithreaded programming, generics, lambda expressions, and Swing enumeration modules. Interface methods are also clearly explained. This guide delivers the appropriate mix of theory and practical coding necessary to get you up and running developing Java applications in no time. Clearly explains all of the new Java SE 17 features. Features self-tests, exercises, and downloadable code samples written by bestselling author and leading Java authority Herbert Schildt.

The standard setting reference in medical toxicology, trusted as the leading evidence-based resource for poison emergencies. A *Doody's* Core Title for 2017, for decades one name has been synonymous with the most respected, rigorous perspectives on medical toxicology and the treatment of poisoned and overdosed patients: *Goldfrank's Toxicologic Emergencies*. Presented in full color, *Goldfrank's* delivers essential, patient-centered coverage of every aspect of poison management. The editors and authors are recognized as preeminent scholars in their specialties and provide unmatched coverage of all aspects of toxicologic emergencies, from pharmacology and clinical presentation to cutting-edge treatment strategies. *Goldfrank's Toxicologic Emergencies*, tenth edition, begins with an examination of medical toxicology principles and techniques. It then reviews the biochemical, molecular, and pathophysiologic basis of toxicology, followed by an intense focus on toxicologic principles related to special patient populations. Features: case studies enhance your understanding of the clinical application of the text; material practical focus on the pathophysiologic basis of medical toxicology; the antidotes in depth sections deliver the expertise of toxicologists across the world as they present treatments for critically ill, poisoned and overdosed patients and allow you to easily identify key issues relating to the use of complex and often unfamiliar therapies; the principles of risk management, medicolegal decision making, patient safety, post-mortem toxicology, and the assessment of ethanol-induced impairment described in chapters; and special considerations emphasize the interface between medical toxicology, the law, and quality care.
