museums can work to reproduce ideologies and confirm the existing order of things or as
instruments of social reform yet objects in museums can exceed their designated roles
as documents or specimens in this wideranging and original book michelle henning
explores how historical and contemporary museums and exhibitions restage the
relationship between people and material things in doing so they become important sites

for the development of new forms of experience memory and knowledge henning reveals how museums can be theorised as a form of media she discusses both historical and contemporary examples from cabinets of curiosity through the avant garde exhibition design of lissitzy and bayer the experimental museums of paul otlet and otto neurath to science centres immersive and virtual museums and major developments such as guggenheim bilbao tate modern in london and the national museum of the american indian in washington d c museums media and cultural theory is unique in its treatment of the museum as a media form and in its detailed and critical discussion of a wide range of display techniques it is an indispensable introduction to some of the key ideas texts and histories relevant to the museum in the 21st century

migration and insecurity addressess an important but rarely considered aspect of migration how are migrants and refugees received in their new homes what defines inclusion and exclusion for migrants and how does this affect the concept of belonging in a transnational society in these essays the distinguished contributors discuss the places in which migrants and refugees construct and experience their belonging and situate this discussion in the context of the international system and government policy chapters interrogate the notion of

these essays on the problems and functions of biography particularly those of writers thinkers and artists investigate a subject of enduring importance for those interested in culture

drawing upon current literature on the history and politics of therapeutic cultures and upon original qualitative research this book was produced in response to rapidly growing interest in the rise of new hrd practices such as coaching soft skills training and personal development training

rethinking photography is an accessible and illuminating critical introduction to the practice and interpretation of photography today peter smith and carolyn lefley closely link critical approaches to photographic practices and present a detailed study of differing historical and contemporary perspectives on social and artistic functions of the medium including photography as art documentary forms advertising and personal narratives richly illustrated full colour images throughout connect key concepts to real world

examples it also includes accessible book chapters on key topics including early photography photography and industrial society the rise of photography theory critical engagement with anti realist trends in the theory and practice of photography photography and language photography education and photography and the creative economy specific case studies on photographic practices include snapshot and portable box cameras digital and mobile phone cultures and computer generated imagery critical summaries of current photography theoretical studies in the field displaying how critical theory has been mapped on to working practices of photographers and students in depth profiles of selected key photographers and theorists and studies of their professional practices assessment of photography as a key area of contemporary aesthetic debate focused and critical study of the world of working photographers beyond the horizons of the academy rethinking photography provides readers with an engaging mix of photographic case studies and an accessible exploration of essential theory it is the perfect guide for students of photography fine art art history and graphic design as well as practitioners from any background wishing to understand the place of photography in global societies today

this is an anthology of autobiographical essays of the chinese diaspora written by ethnic chinese who were born or raised outside of china these pieces full of the details of everyday life describe the experience of growing up as a visible minority and the subsequent journey each author made to china

representation subjectivity and sexuality continue to be central to scholarly inquiry in the humanities and social sciences deciphering culture explores their relationship each author taking a distinct approach to the concept of curiosity as a way of deciphering the working of particular cultural formations in the process they address a variety of topics including the historical formation of subjectivities identities and differences cultural conduct and habits of the self everyday cultures and negotiation consumption and the body memory history and autobiography the ethics of critical and textual inquiry this

fascinating book will appeal to students and academics from a variety of disciplinary backgrounds in the social sciences and cultural studies

around the world and throughout history people have expressed extraordinary creativity in textiles and objects used to adorn themselves and their homes for practical and religious purposes and to make known their thoughts feelings hopes and dreams this book celebrates such works ranging from european embroideries african weavings japanese kimonos kites posters hats and work clothing to tools warrior s gloves and much more all from the selective eye of one man lloyd cotsen who sought out and collected the hundreds of glorious pieces featured here

the central subject of this book is the status of singular experiences in the making of natural knowledge at the royal society of london in the eighteenth century it makes a significant contribution to our understanding of the importance of the reporting and display of extraordinary phenomena at the royal society in this period and shows that the success of these practices was largely based on their multiple roles within the society where singular experiences not only promoted natural historical and medical knowledge but also played a social and epistemological role however singular experiences were problematic in terms of authentication and the book reveals how eighteenth century literary satires made the royal society an easy and favoured target for their interest in them the book demonstrates the variety and intricacy of elements involved in the making and circulation of natural knowledge in the period it provides an interdisciplinary and innovative approach to the place of the singular in one of the oldest and most important scientific institutions in the world
