menstruation has always been of interest not only to the student of medicine but to the lay observer as well in olden times there were many opinions concerning its causation all of which until the era of physiologic investigation were of superstitious derivation believing menstruation to be the natural

means of exit of the feminine bodily impurities the ancients always thought a menstruating woman was to be shunned her very presence was deleterious to the whole animal economy as for instance among the older writers we find that pliny remarks on the approach of a woman in this state must will become sour seeds which are touched by her become sterile grass withers away garden plants are parched up and the fruit will fall from the tree beneath which she sits he also says that the menstruating women in cappadocia were perambulated about the fields to preserve the vegetation from worms and caterpillars according to flemming menstrual blood was believed to be so powerful that the mere touch of a menstruating woman would render vines and all kinds of fruit trees sterile among the indigenous australians menstrual superstition was so intense that one of the native blacks who discovered his wife lying on his blanket during her menstrual period killed her and died of terror himself in a fortnight hence australian women during this season are forbidden to touch anything that men use aristotle said that the very look of a menstruating woman would take the polish out of a mirror and the next person looking in it would be bewitched frommann mentions a man who said he saw a tree in goa which withered because a catamenial napkin was hung on it bourke remarks that the dread felt by the american indians in this respect corresponds with the particulars recited by pliny squaws at the time of menstrual purgation are obliged to seclude themselves and in most instances to occupy isolated lodges and in all tribes are forbidden to prepare food for anyone save themselves it was believed that were a menstruating woman to step astride a rifle a bow or a lance the weapon would have no utility medicine men are in the habit of making a protective clause whenever they concoct a medicine which is to the effect that the medicine will be effective provided that no woman in this condition is allowed to approach the tent of the official in charge

a bulletproof case that sexual diversity exists in the natural world the sexual evolution is a thoughtfully and delightfully written book full of illuminating and entertaining information that will be new to most readers at a time when ignorance and misinformation about sex gender reproduction and intimacy abound we could all benefit from reading this research packed tour science evolutionary biologist nathan h lenses knows what makes humans unique and it's most definitely not our sexual diversity a professor at john jay college lenses has spent his career studying what makes us well us and contrary to what the culture warriors want people to believe diverse sexual behavior is not a new development or even a human one it didn't just emerge from a progressive culture it's the product of billions of years of evolutionary experimentation throughout the animal kingdom it's not a modern story a florida story or even a human story it's a biological story in the sexual evolution lenses takes readers on a journey through the animal world from insects to apes revealing what the incredible array of sexual diversity can teach us about our own diverse beauty nature it turns out has made a lot of space for diverse genders and sexual behaviors and why because when it comes to evolution diversity wins this is not just a political or social message instead it's rooted in science and cultivated from understanding the full breadth of sexuality that exists throughout the world with shades of both frans de waal and esther perel lenses's storytelling is as fascinating as it is topical offering eye opening stories about the diversity of animal life while relating it to our own sexual journey as a species at

once a forceful rebuttal to bigotry and a captivating dive into the secret sex lives of animals the sexual evolution is the rare book of pop science that leans into the controversy sex the reactionaries say should only be for procreation between a man and a woman anything else goes against nature well nature would like a word with them
