science communication as a multidisciplinary field has developed remarkably in recent years it is now a distinct and exceedingly dynamic science that melds theoretical approaches with practical experience formerly well established theoretical models now seem out of step with the social reality of the sciences and the previously clear cut delineations and interacting domains between cultural fields have blurred communicating science in social contexts examines that shift which itself depicts a profound recomposition of knowledge fields activities and dissemination practices and the value accorded to science and technology communicating science in social contexts is the product of long term effort that would not have been possible without the research and expertise of the public

communication of science and technology pcst network and the editors for nearly 20 years this informal international network has been organizing events and forums for discussion of the public communication of science

for some time now the study of cognitive development has been far and away the most active discipline within developmental psychology although there would be much disagreement as to the exact proportion of papers published in developmental journals that could be considered cognitive 5090 seems like a conservative estimate hence a series of scholarly books devoted to work in cognitive development is especially appropriate at this time the springer series in cognitive development contains two basic types of books namely edited collections of original chapters by several authors and original volumes written by one author or a small group of authors the flagship for the springer series is a serial publication of the advances type carrying the subtitle progress in cognitive development research each volume in the progress sequence is strongly thematic in that it is limited to some well defined domain of cognitive developmental research e g logical and mathematical development development of learning all progress volumes will be edited collections editors of such collections upon consultation with the series editor may elect to have their books published either as contributions to the progress sequence or as separate volumes all books written by one author or a small group of authors are being published as separate volumes within the series

this is the first human behavior and social environment hbse book to truly integrate and emphasize multicultural material throughout the chapters and to provide readers with an introduction to the realities of practice with diverse populations it provides comprehensive balanced and in depth coverage of the subject matter rather than using a single theoretical approach

here is a comprehensive introduction to language disorders in children one whose two fold developmental contextual perspective acknowledges that children s language learning systems include not only their skills knowledge and biological abilities but also their language background family settings and the context in which they are attempting to learn language the text s primary focus is on perspectives from normal development and the bulk of the coverage is devoted to examination of expectations for early infant through toddler middle preschool through early elementary and later middle elementary through adolescent stages of learning language these developmentally geared divisions are then used to guide discussions of language assessment and intervention for children who are not learning language normally yet who have characteristics in common with their peers who are

voters as well as ethicists and legal experts are currently debating many of the issues inherent in balancing individual with majority and minority group rights though often there seems to be an inverse correlation between the two may washington u chairs lively

multidisciplinary discussions on the in compatibility of liberty and equality with responsibility being the wild card law morality and limits on liberty in regard to freedom of speech poverty taxation and assisted suicide and equality and the clash of cultures in cases of hate speech and religious freedom vs refusal of medical treatment annotation copyrighted by book news inc portland or

this is much more than a story of a single case it provides a panoramic overview of the role of work in women s lives a succinct history of employment discrimination law and a penetrating analysis of the evolution of our views of sexual harassment in the workplace karen o connor author of women politics and american society after vinson nothing was the same cochran does a masterful job of setting the case in its historical context and exploring its legal impact judith a baer author of our lives before the law constructing a feminist jurisprudence cochran is an exceptional raconteur and his book is comprehensive thorough and wonderfully forward looking nancy levit author of the gender line men women and the law

the past two decades have seen an outpouring of work in legal theory that is self consciously critical of aspects of american law and the institutions of the liberal state in this lively volume eminent scholars in philosophy law and political science respond to this recent scholarship by exploring what constitutes a radical critique of the law examining such theories as critical legal studies feminist theory and theories of difference and critical race theory the authors consider whether the critiques advanced in recent legal theory can truly be called radical and what form a radical critique of american law should take writing at the cutting edge of the critique of critical legal theory they offer insights first on critical legal scholarship then on feminist political and legal theory a third group of contributions questions the radicalness of these approaches in light of their failure to challenge fundamental aspects of liberalism while a final section focuses on current issues of legal reform through critical views on criminal punishment including observations on rape and hate speech each major essay describes the underlying principles in the development of a radical legal theory and addresses unresolved questions relating to it while accompanying commentaries present conflicting views the resulting dialogue explores wide ranging issues like equity value relativism adversarial and empathic legal advocacy communitarianism and the social contract impartiality and contingency natural law and corrective justice a common thread for many of the articles is a focus on the social dimension of society and law which finds the individualism of prevailing liberal theories too limiting radical critiques of the law is particularly unique in presenting critical and feminist approaches in one volume along with skeptical commentary about just how radical some critiques really

are proposing alternative critiques that embody considerably greater promise of being truly radical it offers provocative reading for both philosophers and legal scholars by showing that many claims to radicalism are highly problematic at best

many of the basic issues of political science have been addressed by pluralist theory which focuses on the competing interests of a democratic polity their organization and their influence on policy andrew mcfarland shows that this approach still provides a promising foundation for understanding the american political process

this report studies poverty and social exclusion in central and eastern europe the first part of the report describes the impact of social and economic policies on social exclusion of vulnerable groups and identifies types and degrees of social deprivation the second study focuses on developing and evaluating regional statistical indicators of social deprivation and investigates the emergence of new forms of social exclusion the report considers common characteristics that drive poverty and social exclusion such as poor employment situation adequacy and coverage of social protection systems
