this book presents the story of growth and change of what is still a
largely unorganized food and beverage service industry in india with the
authors vast experience in both industry and academia the volume
provides a holistic perspective of the current status of the food and
beverage industry in india and identifies the topical issues and the
challenges the authors offer an insightful discussion on where the
industry is headed and how it can move from top line driven growth to a
bottom line supported one

this concise text focuses squarely on the issues facing marketers in an
increasingly global world it identifies several trends linking them
together and positioning them as marketing practices that companies
implement as a way of responding to the major consequences of
globalization the book also includes case studies to illustrate new
practices and allow students to discuss issues of market selection entry
modes segmentation targeting and positioning as well as product price
distribution promotion and corporate communication policies in a
globalized world durand s unique approach moves beyond marketing
management and strategy issues and provides students with the broader
context to understand the marketing practices they ll use in the real

world this book will prove to be an essential resource for any student of marketing and international business working to stay ahead in an increasingly competitive and global industry

the long term future for coal looks bleak the recent un climate change conference in paris called for an end to the use of fossil fuels however coal remains one of the world s most important sources of energy fuelling more than 40 of electricity generation worldwide with many developing nations relying almost wholly on coal fuelled electricity coal has been the fastest growing energy source in recent years and is essential for many industrial activities but the coal industry is hugely damaging for the environment a major driver in climate change and causing around 40 of the world s carbon dioxide emissions coal fuel comes at a high environmental price furthermore mining and air pollution kill thousands each year a timely addition to the series this book critically reviews the role of coal in the 21st century examining energy needs usage and health implications with case studies and an examination of future developments and economics this text provides an essential update on an environmental topic the world cannot ignore

the world s legal professions have undergone dramatic changes in the 30 years since publication of the landmark three volume lawyers in society which launched comparative sociological studies of lawyers this is the first of two volumes in which scholars from a wide range of disciplines countries and cultures document and analyse those changes the present volume presents reports on 46 countries with broad coverage of north america western europe latin america asia australia north africa and the middle east sub saharan africa and former communist countries these national reports address the impact of globalisation and neoliberalism on national legal professions the relationship of lawyers and their professional associations to the state and tensions between state and citizenship changes in lawyer demography rapidly growing numbers and the profession s efforts to retain control the entry of women and obstacles to full gender equality ethnic diversity legal education the proliferation of institutions and pedagogic innovation the regulation of lawyers structures of production especially the growth of large firms and the impact of technology and paraprofessionals the distribution of lawyers across roles and access to justice state funded legal aid and pro bono services the juxtaposition of the reports reveals the dramatic transformations of professional rationales labour markets and working practices and the multiple contingencies of the role of lawyers in societies experiencing increasing juridification within a new geopolitical order
