marcus gheeraerts s portrait of a persian lady probably in fact an english lady in masquing costume exemplifies the hybridity of early modern english culture her surrounding landscape and the embroidery on her gown are typically english but her head dress and slippers are decidedly exotic the inscriptions beside her are latin and her creator was

an incomer artist she is emblematic of the early modern culture of exchange both between england and its neighbours and between europe and the wider world this volume presents fresh research into such early modern exchanges exploring how new identities subjectivities and artefacts were forged in dialogues and encounters between diverse cultures nations and language communities the early modern period was a time of creative interactions between cultures and disciplines and accordingly this is a multidisciplinary volume drawing together international experts in literature history modern and ancient languages and art history it understands cultural exchange as encompassing both the geographical mobilities of travel and trade and the transmission of ideas across borders and between languages as enabled by the new technology of print sites of exchange were located not only in distant and unfamiliar lands but also in the bookseller s shop and the scholar s study the volume also explores the productive and complex dialogues between early modern culture and the classical past the types of exchanges discussed include the linguistic transactions of translation and imitation interactions between cultural elites such as monarchs courtiers and diplomats and the catalytic influences of particularly mobile or outward looking individuals and groups ranging from the neo latin poetry of an english author to the plays of a nun in seventeenth century new spain from royal portraits exchanged in diplomatic negotiations to travelling companions in the ottoman empire the volume sheds new light

traditional apocalyptic texts concern the advent of a better world at the end of history that will make sense of everything that happened before but what is at stake in the contemporary shift to apocalyptic narratives in which the utopian end of time is removed the contemporary post apocalyptic novel offers an innovative critical model for our cultural obsession with the end by focussing on the significance of time in the 21st century post apocalyptic novel and challenging traditional apocalyptic logic once confined to the genre of science fiction the increasing popularity of end of the world narratives has caused apocalyptic writing to feature in the work of some of contemporary literature s most well known fiction writers considering novels by will self cormac mccarthy david mitchell emily st john mandel jeanette winterson and others diletta de cristofaro frames the contemporary apocalyptic imagination as a critique of modernity s apocalyptic conception of time and history interdisciplinary in scope the book historicises apocalyptic beliefs by exploring how relentlessly they have shaped the modern world

this richly detailed 1981 biography captures both the personal life and the scientific career of isaac newton presenting a fully rounded picture of newton the man the scientist the philosopher the theologian and the public figure professor

westfall treats all aspects of newton s career but his account centres on a full description of newton s achievements in science thus the core of the work describes the development of the calculus the experimentation that altered the direction of the science of optics and especially the investigations in celestial dynamics that led to the law of universal gravitation

globalization consumerism legislation and human rights issues impact on workplace demographics changing the very nature thereof it is of strategic importance to ensure that the benefits of diverse viewpoints and stakeholders are leveraged however the underlying worldviews of economists business leaders and consultants are often informed from a western paradigm and solutions proposed and interventions facilitated are not integrated integral systemic or congruent with the containing environment or ecology in inclusive organizational transformation dr rica viljoen acknowledges that diversity of thought presents both gifts and challenges to leadership in multi national organizations the existential question with which an individual is confronted impacts on his or her worldview by continuously applying a specific worldview certain gifts manifest these are called human niches here inclusivity is positioned as a radical transformational methodology with the purpose of unleashing the benefits of engagement and diversity of thought the process of inclusivity enables organizations to optimize the gifts of and contributions from a diverse workforce and unleash tacit knowledge case studies from ghana south africa and one where the same strategy had to be implemented in australia peru and tanzania are included and insights gained from the dynamics observed are shared a synthesis of inclusivity is presented in a model meta insights are derived and the prerequisites for inclusivity on individual group and organizational domain are illustrated

this book is a practical introduction to the enjoyment and service of wines particularly in business social settings

this handbook addresses words in all their multifarious aspects and brings together scholars from every relevant discipline to do so the many subjects covered include word frequencies sounds and sound symbolism the structure of words taboo words lexical borrowing words in dictionaries and thesauri word origins and change place and personal names nicknames taxonomies word acquisition and bilingualism words in the mind word disorders and word games puns and puzzles words are the most basic of all linguistic units the aspect of language of which everyone is likely to be most conscious a new word that makes it into the oed is prime news when baby says its first word its parents reckon it has started to speak knowing a language is often taken to mean knowing its words and languages are seen

to be related by the similarities between their words up to the twentieth century linguistic description was mainly an account of words and all the current subdivisions of linguistics have something to say about them a notable feature of human languages is the sheer vastness of their word inventories and scholars and writers have sometimes deliberately increased the richness of their languages by coining or importing new items into their word hoards the book presents scholarship and research in a manner that meets the interests of students and professionals and satisfies the curiosity of the educated reader

this book is an account of the important influence on the development of mathematical logic of charles s peirce and his student o h mitchell through the work of ernst schröder leopold löwenheim and thoralf skolem as far as we know this book is the first work delineating this line of influence on modern mathematical logic

this detailed study is the only reference work of its kind to address spain s conquest of central and south america providing in depth coverage of native and european ideologies political motivations and cultural practices of the region as the study of world history evolves from a eurocentric perspective to a more global viewpoint formerly marginalized groups are now the focus of discussion revealing a background rich with important military political social and economic achievements this book examines the once prosperous and powerful native civilizations in central and south america discussing the key individuals strategies and politics that made these countries strong and indomitable in spite of this the author shows how in only a few generations spain defeated these mini empires eventually dominating much of the western hemisphere conflict in the early americas an encyclopedia of the spanish empire s aztec incan and mayan conquests focuses primarily on the defeat of the aztec incan and mayan civilizations but also includes spanish interactions with lesser known native groups supporting documents including primary sources maps and visual aids provide necessary context to this once untold story
